COASTSIDE COUNTY WATER DISTRICT 766 MAIN STREET HALF MOON BAY, CA 94019

MEETING OF THE BOARD OF DIRECTORS

Tuesday, May 10, 2011– 7:00 p.m.

AGENDA

The Coastside County Water District (CCWD) does not discriminate against persons with disabilities. Upon request, the agenda and agenda packet materials can be provided in a format to accommodate special needs. If you require a copy of the agenda or related materials in an alternative format to accommodate a disability, or if you wish to attend this public meeting and will require special assistance or other special equipment, please call the District at (650) 726-4405 in advance and we will make every reasonable attempt to provide such an accommodation.

All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at the CCWD District Office, located at 766 Main Street, Half Moon Bay, CA at the same time that the public records are distributed or made available to the legislative body.

This agenda and accompanying materials can be viewed on Coastside County Water District's website located at: <u>www.coastsidewater.org</u>.

The Board of the Coastside County Water District reserves the right to take action on any item included on this agenda.

1) ROLL CALL

2) PLEDGE OF ALLEGIANCE

3) **PUBLIC COMMENTS**

At this time members of the public may address the Board of Directors on issues not listed on the agenda which are within the purview of the Coastside County Water District. Comments on matters that are listed on the agenda may be made at the time the Board is considering each item. Each speaker is allowed a maximum of three (3) minutes and must complete and submit a speaker slip. The President of the Board will recognize each speaker, at which time the speaker should proceed to the podium, give their name and address and provide their comments to the Board.

4) CONSENT CALENDAR

The following matters before the Board of Directors are recommended for action as stated by the General Manager.

All matters listed hereunder constitute a Consent Calendar, are considered as routine by the Board of Directors, and will be acted upon by a single vote of the Board. There will be no separate discussion of these items unless a member of the Board so requests, in which event the matter shall be removed from the Consent Calendar and considered as a separate item.

- A. Approval of disbursements for the month ending April 30, 2011: Claims: \$348,248.85; Payroll: \$107,823.42 for a total of \$456,072. (attachment)
- **B.** Acceptance of Financial Reports (<u>attachment</u>)
- C. Approval of Minutes of the April 12, 2011 Board of Directors Meeting (attachment)
- D. Monthly Water Transfer Report (attachment)
- E. Installed Water Connection Capacity and Water Meters Report (attachment)
- F. Total CCWD Production Report (attachment)
- G. CCWD Monthly Sales by Category Report (attachment)
- H. April 2011 Leak Report (attachment)
- I. Rainfall Reports (attachment)
- J. San Francisco Public Utilities Commission Hydrological Conditions Report for April 2011 (<u>attachment</u>)
- K. Notice of Completion for the Mill Street Two Inch Main Removal Project (attachment)
- L. Notice of Completion for the El Granada Tank No. 1 Fencing Project (attachment)
- **M.** Notice of Completion for the Crystal Springs Pump Station Check Valve Vault Cover Replacement Project (<u>attachment</u>)

5) MEETINGS ATTENDED / DIRECTOR COMMENTS

6) GENERAL BUSINESS

- **A.** Draft Fiscal Year 2011/2012 Budget and Draft Fiscal Year 2011/2012 to 2020/2021 Capital Improvement Program (<u>attachment</u>)
- B. District Financing Plan Update (attachment)
- **C.** Schedule a Public Hearing on Proposed Rate Increase and Authorize Issuance of a Notice of Public Hearing and Proposed Rate Increase (<u>attachment</u>)

7) GENERAL MANAGER'S REPORT INCLUDING MONTHLY INFORMATIONAL REPORTS (<u>attachment</u>)

- Denniston Water Treatment Plant Improvement Project Bid Results
- District Website Update

MINUTES OF THE SPECIAL MEETING OF THE BOARD OF DIRECTORS

Tuesday, April 12, 2011 – 3:00 p.m.

- 1) ROLL CALL The Closed Session convened at 3:06 p.m. Present at roll call: President Bob Feldman and Directors Jim Larimer and Chris Mickelsen. Director Coverdell arrived at 3:21 p.m.
- 2) **PUBLIC COMMENT -** There were no public comments.

3) CLOSED SESSION

Conference with Labor Negotiator Pursuant to California Government Code §54957.6 Agency Designated Representatives: General Manager Employee Organization: Teamsters Union, Local 856

4) **RECONVENE TO OPEN SESSION**

The Closed Session concluded at 4:45 p.m. President Feldman announced that Vice-President Donovan had not participated in the Closed Session and that there was no reportable action taken at the Closed Session.

5) ADJOURNMENT

COASTSIDE COUNTY WATER DISTRICT

766 MAIN STREET

HALF MOON BAY, CA 94019

MINUTES OF THE MEETING OF THE BOARD OF DIRECTORS

Tuesday, April 12, 2011 – 7:00 p.m.

1) ROLL CALL - President Feldman called the meeting to order at 7:00 p.m. Present at roll call: Director Ken Coverdell, Vice-President Jerry Donovan, and Directors Jim Larimer and Chris Mickelsen.

Also present were: David Dickson, General Manager; David Gehrig, Legal Counsel; Joe Guistino, Superintendent of Operations; Cathleen Brennan, Public Outreach/Program Development/Water Resources Analyst; JoAnne Whelen, Administrative Assistant/Recording Secretary; and Gina Brazil, Office Manager.

2) PLEDGE OF ALLEGIANCE

3) **PUBLIC COMMENTS** - There were no public comments

4) **PUBLIC HEARING**

- To allow community input on Coastside County Water District's Water Shortage Contingency Plan
- To consider adoption of Resolution 2011-06 Authorizing the Approval of a Water Shortage Contingency Plan

President Feldman opened the Public Hearing at 7:05 p.m. Cathleen Brennan explained that the District's Water Shortage Contingency Plan has been updated and revised to be included in the 2010 Urban Water Management Plan. She proceeded with a presentation, reviewing specific details and associated tables of the Plan's requirements, objectives, required elements, stages of action, and approach to demand reductions. Ms. Brennan answered questions from the Board, including one regarding the potential impact of Proposition 218 on the process should a level 3 Water Shortage Emergency be declared. Ms. Brennan confirmed that Proposition 218 does slow down the process when rate increases or water surcharges are instituted and advised that she was aware that some other water agencies have commenced the Proposition 218 process in advance and incorporated it into their

water shortage contingency planning. Mr. Dickson confirmed that the District could follow that process and pointed out that this Water Shortage Contingency Plan is a guideline for actions that the District can pursue and that there is still a lot of work to be done to complete the plan, including the drafting of an ordinance. He explained that this process fulfills the necessary Urban Water Management Plan requirements and noted that other tasks to be completed on the Plan, include rate and legal work. Discussion ensued regarding staff further exploring Proposition 218 provisions, especially during emergency and disaster conditions.

There were no comments from the Public and President Feldman closed the Public Hearing at 7:21 p.m. and invited Board comments and action for consideration of Resolution 2011-06. The Board members complimented Ms. Brennan on her efforts in preparing the Water Shortage Contingency Plan, noting that they felt it was a very thorough and professional Plan.

ON MOTION BY Director Coverdell and seconded by Vice-President Donovan, the Board voted as follows, by roll call vote, to adopt Resolution 2011-06 - A Resolution of the Board of Directors of the Coastside County Water District Authorizing the Approval of a Water Shortage Contingency Plan:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

5) **PUBLIC HEARING**

- To allow community input on Coastside County Water District's implementation plan for complying with California Senate Bill SBx7-7
- > Consider the economic impacts of the implementation plan; and
- Adopt a method pursuant to Water Code Section 1068.20(b) for determining its urban water use target
- Consider adoption of Resolution 2011-07 Authorizing the Approval of a Baseline Daily Per Capita Use, and Urban Water Use Target, and an Interim Urban Water Use Target

President Feldman opened the Public Hearing at 7:26 p.m. Cathleen Brennan continued with a presentation which addressed the purpose of the Public Hearing, reviewed the Water Conservation Act of 2009 and the steps for compliance. She also explained the basis for staff's recommendation for the application and adoption of

the Minimum Water Use Reduction Requirement as the target method for determining its urban water use target under the Water Conservation Act of 2009. She provided the District's targets using the required minimum reduction method, for the interim (year 2015) which would be 124 gallons per capita per day and the final (year 2020) which equals 120 gallons per capita per day. In conclusion, Ms. Brennan reviewed the next steps required to be completed in the process.

There being no comments from any members of the public, President Feldman closed the Public Hearing at 7:44 p.m. Mr. Dickson then took the opportunity to introduce Jerry Nakano and Elizabeth Drayer from West Yost & Associates, the consultants assisting the District in the preparation of the 2010 Urban Water Management Plan (UWMP). President Feldman stated that, after attending sessions on Urban Water Management Plans at the recent Association of California Water Agencies (ACWA) conference, he had a true appreciation for the amount of detail and work that goes into developing these plans and expressed his appreciation to Ms. Brennan for coordinating the project and in developing the District's UWMP.

Staff distributed a modified Resolution 2011-07 for the Board's consideration and Mr. Dickson explained the updates and revisions from the original resolution that was provided in the Board packet.

ON MOTION BY Director Coverdell and seconded by Vice-President Donovan, the Board voted as follows, by roll call vote, to adopt the modified version of Resolution 2011-07 - A Resolution of the Board of Directors of the Coastside County Water District Authorizing the Approval of a Baseline Daily Per Capita Use, an Urban Water Use Target, and an Interim Urban Water Use Target:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

6) CONSENT CALENDAR

- A. Approval of disbursements for the month ending March 31, 2011: Claims: \$625,204.79; Payroll: \$ 69,660.12 for a total of \$694,864.91
- **B.** Acceptance of Financial Reports
- C. Approval of Minutes of the March 8, 2011 Board of Directors Meeting
- **D.** Monthly Water Transfer Report
- E. Installed Water Connection Capacity and Water Meters Report
- F. Total CCWD Production Report
- **G.** CCWD Monthly Sales by Category Report

- H. March 2011 Leak Report
- I. Rainfall Reports
- J. San Francisco Public Utilities Commission Hydrological Conditions Report for March 2011
- K. Acceptance of Non-Complex Pipeline Extension– 411 Chesterfield Avenue

Director Coverdell stated that he had reviewed the monthly financial claims and found all to be in order.

ON MOTION BY Director Coverdell and seconded by Director Larimer, the Board voted as follows, by roll call vote, to accept the Consent Calendar in its entirety:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

7) MEETINGS ATTENDED / DIRECTORS COMMENTS

Director Coverdell reported on his recent attendance at the Bay Area Water Supply and Conservation Agency (BAWSCA) Board meeting.

Director Mickelsen shared that he had attended the April 5, 2011 meeting of the Pilarcitos Restoration Workgroup.

President Feldman noted that he had attended the recent meeting of the Association of California Water Agencies (ACWA) Region 5 Board meeting held in Santa Cruz, CA. He also reported on the Silicon Valley Water Conservation award ceremony in the area that he attended with Mr. Dickson, and congratulated Director Ken Coverdell and his wife, Sally, who received a Water Champion award for 2011 for their efforts reducing water use. Additionally he reported that he, Director Mickelsen, and Mr. Dickson had attended the groundbreaking ceremony for the San Francisco Public Utilities Commission's Crystal Springs Dam project.

Vice-President Donovan noted that he and Director Larimer had met with Mr. Dickson for a District Facilities Committee meeting.

8) **GENERAL BUSINESS**

A. <u>Award of Professional Services Agreement with Analytical Environmental</u> <u>Services for the preparation of an Environmental Impact Report for the</u> <u>Denniston/San Vicente Water Supply Project</u> Mr. Dickson provided the background of this item and explained that the State Water Resources Control Board's Division of Water Rights (SWRCB) had notified the District that an environmental document was required to support the District's petition for an extension of time to perfect its water rights. He also advised that preparing an EIR will be the best way to analyze the complex biological and hydrological issues involved in Denniston/San Vicente, and will also address the concerns of permitting agencies and other stakeholders.

Mr. Dickson reviewed the request for proposal process and advised that after a thorough evaluation of the proposals by District staff, Legal Counsel Patrick Miyaki, and Special Water Rights Counsel Alan Lilly, as well as the Facilities Committee members, the recommendation was to retain the services of Analytical Environmental Services (AES) to prepare the Environmental Impact Report. Mr. Dickson then introduced Mr. Chris Stabenfeldt, Senior Project Manager with AES. Mr. Stabenfeldt provided the background and experience of the AES staff and answered questions from the Board.

ON MOTION BY Director Coverdell and seconded by Director Mickelsen, the Board voted as follows, by roll call vote, to authorize the General Manager to execute a contract with Analytical Environmental Services to prepare an Environmental Impact Report for the District's Denniston/San Vicente Water Supply Project at an estimated time and materials cost of \$282,000.00:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

B. <u>Award of Contract for District Digital Mapping and GIS Implementation</u> to California CAD Solutions

Mr. Dickson stated that a Geographic Information System (GIS) has become an essential tool for a water utility, and that staff had included a District Digital Mapping project in the current Capital Improvement Program. He reviewed some examples of the information that the District will be able to produce readily with GIS queries.

Mr. Dickson advised that staff has been exploring options for GIS implementation, has received proposals from three consultants and recommended that the District award a contract to California CAD Solutions.

Director Larimer added that the members of the Facilities Committee had reviewed the proposals, agreed that this was a valuable project, and agreed with the recommendation.

ON MOTION BY Vice-President Donovan and seconded by Director Larimer, the Board voted as follows, by roll call vote, to authorize the General Manager to execute a contract with California CAD Solutions for digital mapping and Geographic Information System implementation services in the amount of \$36,700.00:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

C. <u>Resolution Authorizing I-Bank Loan Application for Denniston Water</u> <u>Treatment Improvements Project</u>

Mr. Dickson reported that the pre-bid meeting for the Denniston Improvements project had been conducted earlier in the day and that seven general contractors were in attendance. He reminded the Board that the District will need to seek loan financing for this project and that the long-term financing plan considered during the last budget cycle anticipated this borrowing. He added that since the District cannot finance a project of this size in the current bond market, the best financing option will be to obtain a loan from the California Infrastructure and Economic Development Bank (I-Bank). He presented the preliminary application packet and a resolution authorizing the submission of the full loan application to I-Bank and informed the Board that members of the District's Finance Committee had also recently reviewed the application package.

ON MOTION BY Director Coverdell and seconded by Director Mickelsen, the Board voted as follows, by roll call vote, to approve Resolution 2011-08 – Authorizing the Submission of the Application to the California Infrastructure and Economic Development Bank for Financing of Denniston Water Treatment Plant Improvements Project, Declaration of Official Intent to Reimburse Certain Expenditures from Proceeds of Obligations, and Approving Certain Other Matters in Connection Therewith:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

D. Fiscal year 2010-2011 Third Quarter Financial Review

Mr. Dickson summarized the third quarter budget review, which indicate that the District is overall doing better than originally budgeted. He also noted that the District was ahead of its objectives for contributions to the Capital Improvement Program.

E. Draft Fiscal Year 2011-2012 Budget and Draft Fiscal year 2011-2012 to 2020-2021 Capital Improvement Program Budget

Mr. Dickson presented the draft budgets and indicated that this is another opportunity for the Board and the public to review the proposed draft budgets and that a special budget workshop would be included in the May 10, 2011 Board meeting.

9) GENERAL MANAGER'S REPORT INCLUDING MONTHLY INFORMATIONAL REPORTS

- Water Reclamation Update Mr. Dickson reported that Steve Leonard, Manager of the Sewer Authority Mid-Coastside (SAM), has continued to pursue the issue of recycled water with the SAM Board. He also reiterated that CCWD is waiting for SAM to respond to the principles of agreement approved by the CCWD Board at the February 9, 2010 Board meeting.
- San Francisco Public Utilities Commission (SFPUC) Rate Increase and Untreated Water Discount Proposal - Mr. Dickson referenced and reviewed the April 7, 2011 letter from the SFPUC regarding the Wholesale Water Rates and the Environmental Enhancement Surcharge effective for fiscal year 2011-2012. Director Coverdell expressed appreciation to Mr. Dickson and Director Mickelsen for their successful negotiations with SFPUC regarding the untreated water discounted rate structure.
- **T-Mobile Evaluating Cell Site Location at Alves Tank** Mr. Dickson advised the Board of T-Mobile's interest in a cell site located on the District's Alves Tank property. He informed the Board that he would keep them advised of any further developments and would bring any proposed lease agreement to the Board for approval.

A. <u>Operations Report</u>

Mr. Guistino reviewed the monthly highlights of his report, including District staff's response to the March 11, 2011 Tsunami Warning, the impact of the recent Pilarcitos Pipeline break and the repair process, and the American Water Works Association (AWWA) Operator Meritorious Award presented to Steve Twitchell.

President Feldman commented on the positive article in the Half Moon Bay Review regarding their recent tour of the District's Nunes Water Treatment Plant.

B. <u>Water Resources Report</u>

Ms. Brennan thanked District staff for their assistance in the planning of Water Day and described the schedule and plans for the event.

10) DIRECTOR AGENDA ITEMS – REQUESTS FOR FUTURE BOARD MEETINGS

11) ADJOURNMENT

ON MOTION BY Director Larimer and seconded by Director Coverdell, the Board voted as follows to adjourn the April 12, 2011 meeting of the Coastside County Water District's Board of Directors:

Director Coverdell	Aye
Vice-President Donovan	Aye
Director Larimer	Aye
Director Mickelsen	Aye
President Feldman	Aye

The meeting was adjourned at 9:31 p.m. The next meeting of the Coastside County Water District is scheduled for Tuesday, May 10, 2011.

Respectfully submitted,

David R. Dickson, General Manager Secretary of the Board

Robert C. Feldman, President Board of Directors

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	David Dickson, General Manager
Agenda:	April 21, 2011
Report	
Date:	May 10, 2011
Subject:	Monthly Water Transfer Report

Recommendation:

None. For Board information purposes only.

Background:

At the December 10, 2002 Board meeting and November 18, 2003 Special Board meeting, the Board made several changes to the District's water transfer policy. One of the changes directed the General Manager to approve routine water transfer applications that met the District's criteria as embodied in Resolution 2002-17 and Resolution 2003-19. The General Manager was also directed to report the number of water transfers approved each month as part of the monthly Board packet information.

Since the previous Board meeting in April 2011, one transfer application was approved for one -5/8'' (20 gpm) non-priority water service connection. A spreadsheet reporting this transfer follows this report as well as the approval memorandum from Patrick Miyaki and the confirmation letter from Glenna Lombardi.

APPROVED WATER TRANSFERS FOR THE 2011 CALENDAR YEAR

TO:	Glenna	Lombardi

- FROM: Patrick T. Miyaki
- **DATE:** April 20, 2011

RE: Application to Transfer Uninstalled Non-Priority Water Service Connections from Reynolds to Haines

Glenna, we reviewed the Application to transfer one 5/8-inch uninstalled non-priority water service connections from property owned by Kevin and Patcharin Reynolds, Trustees (APN 047-142-050) to property owned by Kenneth and Patricia Haines (APN 048-085-890).

This Application is generally in order and satisfies the requirements of the District's General Regulations Regarding Water Service, Section U, Transfer of Uninstalled Water Service Connection Rights.

Please do not hesitate to contact me if you have any questions or want to discuss this matter in more detail.

cc: David Dickson

RE: <u>Request to Transfer an Uninstalled Non-Priority Crystal Springs Project Water</u> Service Connection

Dear Property Owners:

We are pleased to confirm that the Coastside County Water District has **approved** your request to transfer a one---5/8" (20 gpm) uninstalled, non-priority Crystal Springs Project water service connection. The result of this transfer is as follows:

- **APN 047-142-050** has no present right to a water service connection from the Coastside County Water District; and
- APN 048-085-890 now has a one---5/8" (20 gpm) uninstalled non-priority water service connection from the Crystal Springs Project assigned to it

Please be advised that the City Council of the City of Half Moon Bay has taken the position that the transfer of a water service connection meets the definition of "development" so as to require a coastal development permit from the City. Applicants are advised to investigate this issue further with the Half Moon Bay Planning Department if applicable. The Coastside County Water District, in approving this application, does not make any representations or warranties with respect to further permits or approvals required by other governmental agencies, including the City of Half Moon Bay.

Sincerely,

Glenna Lombardi

Cc: David Dickson, General Manager

San Francisco Public Utilities Commission Hydrological Conditions Report For April 2011

J. Chester, B. McGurk, A. Mazurkiewicz, & M. Tsang, May 5, 2011

Lake Eleanor – The dam at Lake Eleanor is 1,260 feet long, has a maximum height of 61 feet and creates a 27,500 acre-feet reservoir in the western-most part of Yosemite National Park. The dam was completed in 1918 and was the first reservoir in the Hetch Hetchy system. The dam is designed to make use of the spillway during snowmelt runoff (B. McGurk).

Calaveras Dam – A large "cone" valve releases 150 cfs of water from Calaveras Reservoir in order to control reservoir elevation. The valve, affectionately known as "Big Blue", can release up to 800 cfs (A. Dhakal).

Current Tuolumne System and Local Bay Area storage conditions are summarized in Table 1.

			Tab Current As of May	Storage			
Reservoir	Current	Current Storage		Maximum Storage		Capacity	Percent of Maximum Storage
	Acre-Feet	Millions of Gallons	Acre-Feet	Millions of Gallons	Acre-Feet	Millions of Gallons	
Tuolumne System							·
Hetch Hetchy ^{1/}	239,920		340,830		100,910		70.4%
Cherry ^{2/}	208,420		273,340		64,920		76.2%
Lake Eleanor ^{3/}	24,100		23,541		0		Full
Water Bank	570,000		570,000		0	-	Full
Tuolumne Storage	1,042,440		1,207,711		165,830		86.3%
Local Bay Area Sto	rage						
Calaveras 4/	49,694	16,193	96,824	31,550	47,130	15,357	51.3%
San Antonio	49,772	16,218	50,496	16,454	723	236	98.6%

Total System	1,212,634		1,435,399		223,322		84.5%

^{1/} Maximum Hetch Hetchy Reservoir storage with drum gates deactivated.

^{2/} Maximum Cherry Reservoir storage with all flash-boards in.

^{3/} Maximum Lake Eleanor storage with all flash-boards out.

^{4/} Available capacity does not take into account current DSOD storage restrictions.

Hetch Hetchy System Precipitation Index ^{5/}

Current Month: The April six-station precipitation index accumulated 1.55 inches or 50% of the average index for the month. The Hetch Hetchy precipitation gauge recorded 1.81 inches.

Cumulative Precipitation to Date: The accumulated six-station precipitation index for water year 2011 is 52.5 inches, which is 147% of the average annual water year total, or 160% of the average annual-to-date. The Hetch Hetchy gauge is shown in Figure 1 in red, and is well above the median line.

^{5/}The precipitation index is computed using six Sierra precipitation stations and is an indicator of the wetness of the basin for the water year to date. The index is computed as the average of the six stations and is expressed in inches and in percent.

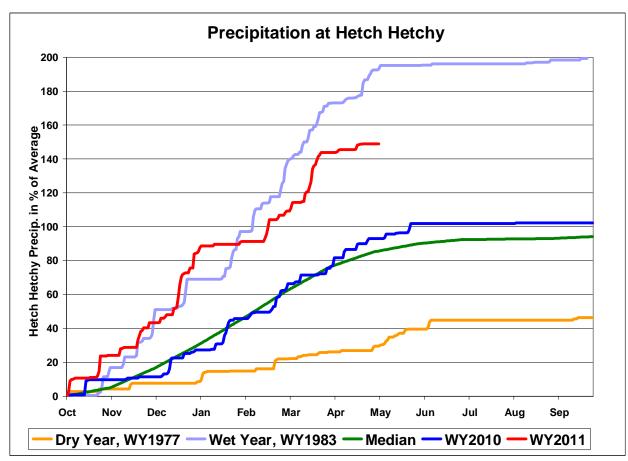

Figure 1: Water year 2011 cumulative precipitation received at Hetch Hetchy Reservoir through the end of April. Precipitation curves for wet, dry, median, and WY 2010 years for the station at Hetch Hetchy are included for comparison purposes.

Tuolumne Basin Unimpaired Inflow

Unimpaired inflow to SFPUC reservoirs and the Tuolumne River at La Grange as of April 30th is summarized below in Table 2. Low-elevation snowmelt brought inflows to well above normal conditions.

			Tabl Unimpaire Acre-]	ed Inflow				
		April	2011		October 1, 2010 through April 30, 2011			
	Observed Flow	Median ⁶	Average ⁶	Percent of Average	Observed Flow	Median ⁶	Average ⁶	Percent of Average
Inflow to Hetch Hetchy Reservoir	112,713	88,560	90,389	124.7%	401,023	210,783	221,393	181.41%
Inflow to Cherry Reservoir and Lake Eleanor	95,863	72,601	72,783	131.7%	341,950	195,960	208,637	163.9%
Tuolumne River at La Grange	435,145	267,607	273,505	159.1%	1,688,913	799,899	884,725	190.9%
Water Available to the City	239,017	85,789	95,158	251.2%	821,295	246,836	326,876	251.3%

⁶ Hydrologic Record: 1919 – 2005.

Hetch Hetchy System Operations

Draft and releases from Hetch Hetchy Reservoir in March totaled 82,828 acre-feet which met SJPL deliveries, fisheries releases and reservoir management goals.

A total of 45,094 acre-feet of power draft was made at Cherry Reservoir to lower reservoir elevation in anticipation of snowmelt runoff and to support the City's Municipal load, District Class 1, other loads or accounts, and sales. No water was transferred from Eleanor to Cherry in April as the projected inflow will fill Cherry Lake by the end of the runoff after the planned full powerdraft.

Local System Water Delivery

The water delivery rates for the month averaged 193 MGD. This is an 18% increase over the March average rate of 164 MGD. The increased delivery rates reflect the dry April conditions and signal the seasonal increase in water consumption characteristic of late spring leading into summer.

Local Precipitation

Cool and drier weather conditions prevailed through the month culminating in below average April rainfall totals. Year-to-date precipitation remained above average. The April rainfall summary is presented in Table 3.

Precip	Table 3 Precipitation Totals At Three Local Area Reservoirs For April 2011						
Reservoir	Month Total (inches)	Percentage of Normal for the Month	Water Year To Date ⁷ (inches)	Percentage of Normal for the Year-to-Date ⁷			
Pilarcitos	2.11	73 %	41.20	117 %			
Lower Crystal Springs	0.73	36 %	27.03	108 %			
Calaveras	0.50	26 %	22.87	114 %			

⁷ WY 2011: Oct. 2010 through Sep. 2011

Snowmelt and Water Supply

April brought a cyclical pattern of cool weather and seasonal warm temperatures throughout the month. These weather conditions triggered snowmelt of the lower elevation snowpack which generated above normal inflows. Currently snow exists at 5700 feet and higher, with 100% snow covered area above 6700 feet. The snow surveyors measured a May 1st snowpack that is 187% of normal conditions. Given this deep snowpack, large releases from Hetch Hetchy are planned. Releases during the snowmelt runoff season will be made for ecological research studies and to benefit habitat and stream morphology processes, as well as to meet operational goals. Currently Lake Eleanor is full and spilling, while Cherry Lake is being controlled through powerdraft. Pre-releases are expected to be made from Cherry Lake during May and June.

May has begun with warm temperatures and sunny skies which has generated significant snowmelt. The current weather forecast predicts a cyclical pattern of cool and warm periods. Currently the NWS Climate Prediction Center indicates equal chance of above- or below-normal temperatures and precipitation for the month of May.

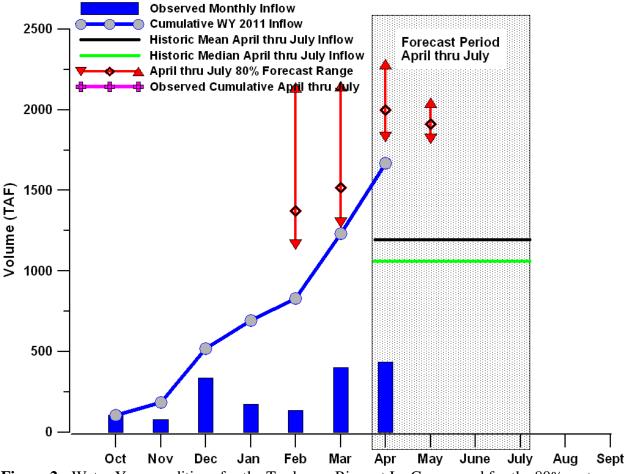

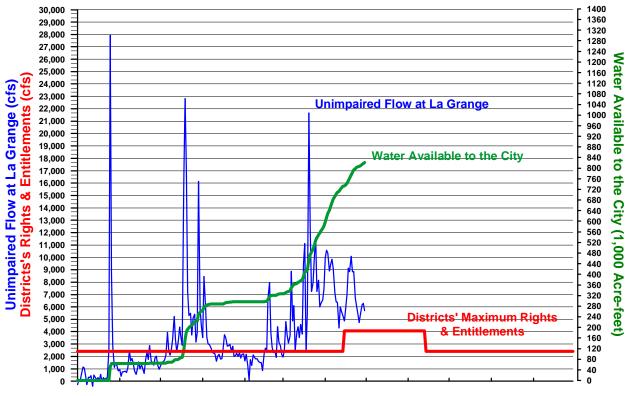

Figure 2: Water Year conditions for the Tuolumne River at La Grange and for the 80% water supply forecast range (triangles represent the 90% and 10% forecasts, the open diamond represents the median forecast).

The Tuolumne Basin Water Supply Forecast Model was executed using the measured snow course, precipitation, and runoff data. The forecast indicates that the median amount of runoff that may occur this year is about 177% of the long-term median (Figure 2). The median forecast of April-to-July runoff is about 1,910 TAF, compared to the long-term median runoff for the April-thru-July period of 1,080 TAF. For natural flow at La Grange, there is an 80 percent chance that the April-to-July natural runoff will be between 1,820 TAF and 2,045 TAF. This forecast is lower than the April 1st conditions due to the below normal precipitation which occurred during the month of April.

A moderate amount of water became available to the City, raising the water year total to 821,295 acre-feet (Figure 3).

Unimpaired Flow at La Grange & Water Available to the City

Oct-1 Nov-1 Dec-1 Jan-1 Feb-1 Mar-1 Apr-1 May-1 Jun-1 Jul-1 Aug-1 Sep-1

Water Year 2011

Figure 3: Calculated unimpaired flow at La Grange and the allocation of flows between the Districts and the City. Water available to the City for the period from October 1st, 2010 through April 30th, 2011 was 821,295 acre-feet.

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	Dave Dickson, General Manager
Agenda:	May 10, 2011
Date:	April 26, 2011
Subject:	Notice of Completion – Mill Street Two Inch Main Removal Project

Recommendation:

That the Board of Directors take the following actions:

- (1) Accept the Mill Street Two Inch Main Removal Project as complete.
- (2) Authorize the Notice of Completion to be filed with the County of San Mateo.
- (3) Authorize the release of the retention funds when the Notice of Completion has been recorded and returned to the District.

Background

Coastside County Water District entered into a contract with Andreini Bros., Inc. on January 20, 2011 for the Mill Street Two Inch Main Removal Project.

The work consisted of assembling, fabricating and installing a 2-inch tap into the existing main on Mill Street, a 2-inch copper main and 6 copper lateral branches, meter stops, meter boxes, service lines and shutoff valves. All work was located within the street right of way area of Mill Street in the City of Half Moon Bay.

The project was completed on April 22, 2011. The project was constructed according to the plans and specifications.

Fiscal Impact: None.

NOTICE OF COMPLETION

1. The undersigned is an owner of an interest or estate in the hereafter described real property, the nature of which is: Fee Title

2. The full name and address of the undersigned is:

COASTSIDE COUNTY WATER DISTRICT 766 MAIN STREET HALF MOON BAY, CALIFORNIA 94019

3. On the 22nd day of April, 2011 there was completed upon the hereinafter described real property a work of improvement as a whole named Mill Street Two Inch Main Removal Project. The work consists of assembling and fabricating and installation of a 2-inch tap into the existing main on Mill Street, a 2-inch copper main and 6 copper lateral branches, meter stops, meter boxes, service lines and shutoff valves.

4. The name of the original contractor for the work of improvement as a whole was: Andreini Bros., Inc. 151 Main Street, Half Moon Bay, Ca 94019.

5. The real property herein referred to is situated in the incorporated area of Half Moon Bay, County of San Mateo, State of California, and described as follows:

Located on Mill Street between Main Street and Purissima Street, Half Moon Bay, San Mateo County, California.

I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

COASTSIDE COUNTY WATER DISTRICT

BY:

David R. Dickson, Secretary

VERIFICATION

I, David R. Dickson, declare that I am the Secretary of the Coastside County Water District and am authorized to make this verification for that reason. I have read said Notice of Completion and know the contents thereof to be true and correct.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on May 11, 2011, at Half Moon Bay, California (Place where signed) (Date)

By: David R. Dickson, Secretary of the District

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	Dave Dickson, General Manager
Agenda:	May 10, 2011
Date:	April 29, 2011
Subject:	Notice of Completion – El Granada Tank No. 1 Fencing Project

Recommendation:

That the Board of Directors take the following actions:

- (1) Accept the El Granada Tank No. 1 Fencing Project as complete.
- (2) Authorize the Notice of Completion to be filed with the County of San Mateo.
- (3) Authorize the release of the retention funds when the Notice of Completion has been recorded and returned to the District.

Background

Coastside County Water District entered into a contract with Crusader Fence Co. Inc., on January 25, 2011 for the El Granada Tank No. 1 Fencing Project.

The work consisted of installing 418' lineal feet of 6' high black vinyl coasted chain link fencing with 1" mesh, plus 3-strands barbed wire topping on 45-degree arms outward, including (1) 16' wide double and (1) 4' wide single swing gates. The work is located within property owned by the District and within a street right of way. The site of the work is located in the unincorporated community of El Granada, San Mateo County, at 127 San Clemente Road (APN 047-171-050).

The project was completed on April 28, 2011. The project was constructed according to the plans and specifications.

Fiscal Impact: None.

Subject:	Notice of Completion – Crystal Springs Pump Station Check Valve Vault Cover Replacement Project

Recommendation:

That the Board of Directors take the following actions:

- (1) Accept the Crystal Springs Pump Station Check Valve Vault Cover Replacement Project as complete.
- (2) Authorize the Notice of Completion to be filed with the County of San Mateo.
- (3) Authorize the release of the retention funds when the Notice of Completion has been recorded and returned to the District.

Background

Coastside County Water District entered into a contract with Princeton Welding, Inc. on October 12, 2010 for the Crystal Springs Pump Station Check Valve Vault Cover Replacement Project.

The work consisted of construction and placement of a metal fabricated cover for the main PRV vault at the Crystal Springs Pump Station. The work site is located adjacent to State Highway 92 approximately ¹/₄ mile west of Crystal Springs Reservoir, San Mateo County. The property on which the pump station is located is designated as the San Francisco State Fish and Game Refuge.

The project was completed on April 29, 2011. The project was constructed according to the plans and specifications.

Fiscal Impact: None.

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	David Dickson, General Manager
Agenda:	May 10, 2011
Report Date:	May 5, 2011
Subject:	Draft Fiscal Year 2011-2012 Budget and Draft Fiscal Year 2011/12 to 2020/21 Capital Improvement Program

Recommendation:

No Board action required at this time.

Background:

Staff presents for the Board's review the attached **Draft** Fiscal Year 2011-2012 Budget and Draft Fiscal Year 2011/12 to 2020/21 Capital Improvement Program (CIP). Highlights:

<u>Budget</u>

- Changes to draft budget presented on April 12:
 - SFPUC rate decreased from \$2.68 to \$2.57. SFPUC rate of \$2.57 includes wholesale rate of \$2.80 based on April 7 SFPUC projection, \$0.23/ccf untreated water discount.
 - COLA for all employees decreased from 2.5% to 1.5% (payment of deferred COLA eliminated).
 - Employer-paid member contribution to PERS decreased from 7% to 6% (i.e. employee payment increased from 1% to 2%)
 - Employee medical insurance and property/liability insurance now shown as separate accounts.
- Total operating expense increase of 7.0% over FY11 budget, 14.7% over projected year-end FY11 expenses, primarily due to a 47% increase in SFPUC water cost combined with planned greater SFPUC usage during Denniston shutdown.
- Reduced budget for operating expenses other than SFPUC purchases (\$102,000 lower).
- Non-operating revenue budgeted at approximately the same level as FY11 (1.7% lower).
- Draft budget shows a preliminary rate increase of 15%, consistent with the increase shown in the District's 2010 Long-Term Financing Plan. This increase is subject to adjustment based on consideration of the updated Financing Plan to be presented to the Board at the May 10 meeting.
- Contribution to CIP and reserves (net revenue) of \$732,483.

CIP

- \$23,424,500 total CIP (FY12 dollars, reduced from CIP total in April 12 draft due to Denniston Improvements bid results coming in lower than estimate)
- Increase of \$2.0 million over previous CIP due to increase in Denniston plant upgrade cost, addition of Denniston/San Vicente water supply development projects, and addition of future pipeline replacement costs.

NARRATIVE:	

Water is taken from designated fire hydrants through portable meters for a variety of reasons. The most common use of this water is for new construction (dust control, earth compaction,etc.). Other uses of water through portable meters result in use for temporary irrigation, failed wells, temporary livestock watering, dust control for non construction purposes, festivals, etc.

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	David Dickson, General Manager
Agenda:	May 10, 2011
Report Date:	May 5, 2011
Subject:	District Financing Plan Update

Recommendation:

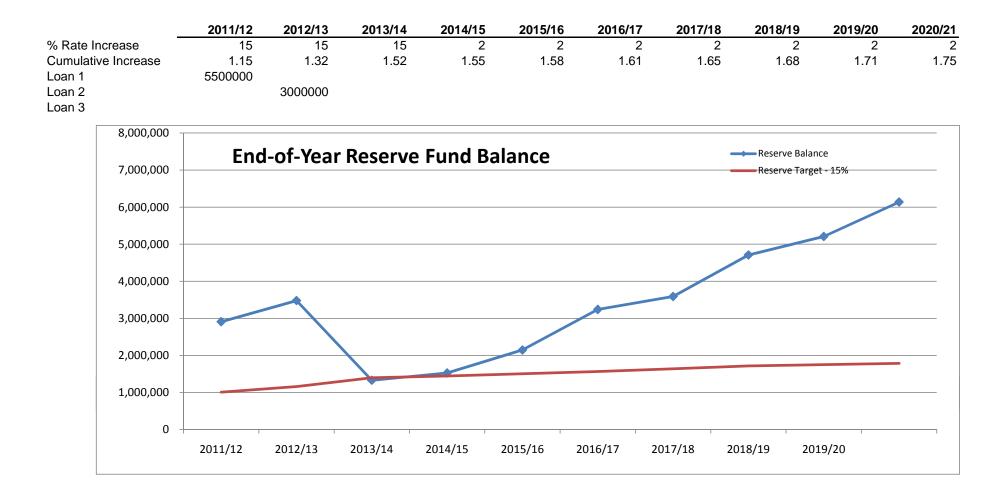

No Board action required at this time.

Background:

The District Financing Plan model, originally presented in Bartle Wells' August 2009 District Financing Plan report and updated during the FY11 budget process, projects the rate increases and borrowing necessary to fund the District's operations and Capital Improvement Program. The attached sheets from the model update show the basis for the 15% rate increase recommended for the FY11-12 budget year and project that subsequent increases of 15% will be required in FY12-13 and FY13-14.

Staff will review financing plan assumptions and results in a presentation to the Board.

CCWD Rate Increases Needed to Meet Revenue Requirements - FY12 Budget

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	Dave Dickson, General Manager
Agenda:	May 10, 2011
Date:	May 5, 2011
Subject:	Schedule a Public Hearing on Proposed Rate Increase and Authorize Issuance of a Notice of Public Hearing and Proposed Rate Increase

Recommendation:

Schedule a Public Hearing for Tuesday, June 28, 2011 on the proposed rate increase and authorize Staff to issue a Notice of Public Hearing for the proposed rate increase.

Background:

In order to comply with the requirement of Proposition 218, the recommended Board action would authorize issuance of a notice (draft attached) of a rate increase of up to 15% and schedule a public hearing for June 28, 2011. Following the public hearing, the Board can approve the budget and adopt the rate increase. If a majority of affected property owners submit written protests, the rate increase cannot be adopted.

NOTICE OF PUBLIC HEARING PROPOSED 2011-2012 RATE INCREASES FOR WATER SERVICES

NOTICE IS HEREBY GIVEN that the Coastside County Water District (CCWD) Board of Directors will hold a public hearing to consider a proposed increase of up to 15% in the District's water rates. The proposed new rates are shown in the table below. If approved, the new rates will apply to meter readings on and after July 1, 2011.

Under the new rates, the typical residential customer using 14 units (Tier 2) bimonthly would pay an additional \$6.96 per month. A customer using 5 units (Tier 1) bimonthly would pay an additional \$3.73 per month. Customers using 34 (Tier 3) or 41 (Tier 4) units bimonthly would pay an additional \$15.35 or \$18.82 per month, respectively.

The proposed rate increase is necessitated by a number of factors: 1) projected increase of 47% in wholesale water rates from the San Francisco Public Utilities Commission, 2) financing costs for required upgrades to the District's water treatment plants and other elements of the Capital Improvement Program, and 3) lower water consumption resulting from continued conservation efforts by District customers. The Draft CCWD 2011-2012 fiscal year budget describes the anticipated revenues and expenses in further detail. Copies are available at the District office or online at **www.coastsidewater.org.**

ATTEND THE PUBLIC HEARING: Tuesday, June 28, 2011 - Meeting begins at 7:00 pm COASTSIDE COUNTY WATER DISTRICT OFFICE 766 Main Street, Half Moon Bay, CA 94019

May 10, 2011

YOU CAN BE HEARD: Proposition 218 allows a customer to respond to proposed rate increases prior to the public hearing. If you wish to protest the proposed rate changes, CCWD must receive your *written protest* prior to the close of, or during, the public hearing on June 28, 2011.

You may deliver your protest at the public hearing, or you can deliver the protest in advance by first class mail or personal delivery to: Attention: General Manager, Coastside County Water District, 766 Main Street, Half Moon Bay, CA 94019 *Emails will not be accepted*

For your protest to be counted, please include one of the following: address(es) or Assessor Parcel Number(s) of the property(ies) you own, or the utility account number(s) for active utility accounts that are subject to the proposed rate adjustment(s). Protests are limited to one per parcel. If written protests are submitted by a majority of the affected property owners/customers, the proposed rate increases will not be imposed.

COASTSIDE COUNTY WATER DISTRICT FY 2010-2011 PROPOSED WATER RATE SCHEDULE

Meter Size	Currently Bimonthly Base Charge	Proposed Bimonthly Base Charge			
5/8 inch	\$27.43	\$31.54			
5/8 inch for 2 dwelling units	\$60.33	\$69.38			
3/4 inch	\$41.23	\$47.41			
3/4 inch for 2 dwelling units	\$82.51	\$94.89			
1.0 inch	\$68.72	\$79.03			
1.5 inch	\$132.71	\$152.62

Current Rate: \$ 6.00 per inch

Proposed Rate: \$6.90 per inch

STAFF REPORT

То:	Coastside County Water District Board of Directors
From:	David Dickson, General Manager
Agenda:	May 10, 2011
Report Date:	May 5, 2011
Subject:	General Manager's Report

Recommendation:

None. Information only.

Background:

For this month's report, I would like to highlight the following:

1. Denniston Water Treatment Plant Improvements Project Bid Results We received bids from six general contractors for the Denniston Project on May 3. As the attached summary of the bids shows, Anderson Pacific was the apparent low bidder. Their bid price of \$4.6 million is 80% of the engineer's estimate of construction costs. Staff is evaluating the bids submitted and anticipates bringing a recommendation for award of the project at the June 14 meeting.

2. District Website Update

JoAnne Whelen, working with our web designer, has developed an update to the District's web site that improves its appearance, organization, and function and lays the groundwork for further improvements. The updated site is now live at coastsidewater.org.

3. SFPUC Rate Increase and Untreated Water Discount Proposal

As discussed in my April report, SFPUC staff proposed a 47% rate increase in an April 7 letter to BAWSCA. Based on significant input from BAWSCA and BAWSCA member agencies, it now appears likely that the recommendation increase will be lower – possibly 38%. There will be no change to the recommended untreated water discount that will apply to CCWD.

SFPUC Commissioners will hold a public hearing and consider adoption of the rate recommendations on May 10, 2011, 1:30 p.m. I plan to attend that meeting, along with President Feldman.

4. Water Day Event

The District will host its first Water Day event on Saturday, May 14 from 10am to 2pm at the Half Moon Bay High School softball fields. I want to recognize the excellent efforts our staff, under the leadership of Cathleen Brennan, has put into making this event a success. Cathleen will describe plans for Water Day in more detail in her report to the Board.

DENNISTON CREEK WATER TREATMENT PLANT IMPROVEMENT PROJECT

BID OPENING/RESULTS MAY 3, 2011 - 2:00 PM

COMPANY	BASE BID	BASE BID + 1	BASE BID + 1 & 2
Anderson Pacific	\$4,509,100.00	\$4,667,861.00	\$4,601,861.00
Proven Management	\$4,540,000.00	\$4,697,500.00	\$4,715,000.00
KG Walters	\$4,811,000.00	\$4,946,000.00	\$4,953,000.00
Auburn Constructors, Inc.	\$4,884,100.00	\$5,039,100.00	\$5,050,300.00
Gantry Constructors, Inc.	\$4,957,000.00	\$5,102,000.00	\$5,109,000.00
Pacific Infrastructure	\$5,287,000.00	\$5,429,000.00	\$5,433,000.00

MONTHLY REPORT

То:	David Dickson, General Manager
From:	Joe Guistino, Superintendent of Operations
Agenda:	May 10, 2011
Report Date:	May 3, 2011

Monthly Highlights

El Granada Tank 1 Fence

We finally have adequate security around El Granada Tank 1. We will also be providing an intrusion alarm on the hatches as part of the SCADA project.

Pilarcitos Pipeline Repair

A recent earth movement caused the pipeline to buckle up near the Stone Dam meter on San Francisco Public Utility Corporation (SFPUC) property in the upper Pilarcitos Canyon. District crews had the repairs complete by 5 April and have been using it ever since.

Encroachment Permits

The City of Half Moon Bay (HMB) will be requiring encroachment permits every time we install a new service or respond to main repairs. We are still discussing costs and logistics.

Source of Supply

Pilarcitos Reservoir and Crystal Springs Reservoir were the major source of supply for the month of April.

Systems Improvement

Beautification

-V ditches cleaned and general weed abatement at Nunes Water Treatment Plant (WTP) site.

-Work trucks cleaned, inside and out.

-Graffiti removal on back slatted chain link and front and rear brick walls.

-Cleaned off egg remains from El Granada Tank 1 contributed by local vandals.

-Scrap metal run to recycle station.

-Numbers stenciled on to the flocculator drives at Nunes WTP.

-Cleaned in and around meter boxes that were looking neglected.

-Cleaned out all Pressure Reducing Valve (PRV) vaults in El Granada.

Backflow Program

Backflow preventers installed on both services to Shoreline Station.

Eddie Andreini agreed to have backflow devices installed on his properties behind Ace Hardware.

Staff did a backflow survey on highway 92 from Main Street to Spanishtown.

Nunes Workshop

Crews completed the Nunes WTP workshop to be used for small repairs and special projects.

El Granada Tank 1 Fence

A new 6', barbed wire, anticlimb black vinyl coated fence was installed around the perimeter of our property at El Granada Tank 1. Approximately 400 square feet of our property was left unfenced directly in front of our neighbor's house at this site. We will be making a lot line adjustment in the forthcoming months.

Denniston Tank Communication

Communication was re-established with the Denniston storage tank after the original RUGID computer failed last winter. We can now monitor tank levels again from this site.

NunesWTP Access Road

Numerous potholes on Nunes WTP access road are causing concerns to the suppliers of our treatment chemicals. Staff has marked and saw cut all areas to be patched. All patches are to be complete on the first week of May.

System Pressures

The Avenue Cabrillo distribution network was showing signs of increased leakage so we dropped the system pressure by 20 psi in the general area. District Engineer Jim Teter is presently designing Phase 1 repairs for the Avenue Cabrillo Pipeline Replacement Project. System pressure remains at around 90 psi in the area.

Closed Circuit Monitoring of Nunes WTP

A closed circuit monitoring system was upgraded at Nunes WTP. Staff can now monitor the plant remotely from their home computers.

Clean-In-Place Device

Treatment Staff has designed and built a cart that will enable them to clean the On Site Hypochlorite Generator at Nunes WTP without disassembling the equipment. It is based on a similar device sold by the manufacturer for \$3500 but was made inhouse for \$700. The manufacturer (PSI) was impressed with our work and we will be entering it in the AWWA gimmicks and gadgets competition once all beta testing is complete and we have more experience with it's use.

Update on Other Activities:

Pilarcitos Pipeline Repair

As mentioned in last month's report, the Pilarcitos Pipeline from Stone Dam meter developed a major leak when the side of the hill that it is installed in started to slump from the March rains. The pipeline buckled but was able to be repaired with a 3' full circle clamp. We had switched to the Crystal Springs source of supply from 1 to 6 April.

We have since initiated discussions with SFPUC to develop Pilarcitos Pipeline replacement alternatives.

Water Day Preparation

Staff and Crew have been preparing for water day by procuring and hanging banners, cleaning the Nunes WTP, making access road improvements, working with the HMB High School staff to develop a staging area, ordering food, drinks and snacks, preparing press releases and advertisement,

Watershed Sanitary Survey

We have retained the services of a consultant to prepare the update to our Watershed Sanitary Survey for Denniston Project and Pilarcitos Canyon Well Field. This survey is required by the Department of Public Health (DPH) to be updated every 5 years.

Stray Current

Repair crews received some minor shocks when installing a new service line to replace a failed plastic line on Valencia Street. I contacted Pacific Gas & Electric (PG&E) to investigate and they found a detached neutral wire on the electrical service to the house. A situation such as this may be responsible for the accelerated corrosion of our water valves in the vicinity of nearby Roosevelt Street.

Lead and Copper Testing

Staff has geared up for Lead and Copper Testing that is required by DPH every 3 years. The contact list will be updated in May and the first letters should go out in early June.

Encroachment Permits

We have been notified by the City of Half Moon Bay that an encroachment permit will be required for all work done in the street right-of-ways within the city limits. I have met with the City Engineer to discuss procedural, costs and notification basics. We are presently leaning towards a blanket payment done annually at the beginning of the fiscal year.

Safety/Training/Inspections/Meetings

Meetings Attended

- 6 April Met with Golden Gate National Recreation Area (GGNRA) staff and Pat Miyaki with phone communication with Allen Lilly at the offices of Hansen Bridgett to discuss Coastside County Water District (CCWD) easements through the Denniston Project area.
- 6 April Facilities Committee meeting.
- 8 April Met with Geographical Information System (GIS) provider NOBEL Systems as part of the selection process for digitalization of our system maps.
- 12 April Denniston Improvement Project Pre Bid Walk through meeting.
- 14 April National Pollution Discharge Elimination Survey (NPDES) discharge workgroup conference call.
- 18 April Water Day planning meeting.
- 19 April Kickoff meeting with Cal CAD for District map updates and digitalization
- 20 April Met with John Muller to discuss his pipeline extension project to supply water to his home.
- 25 April Met with SFPUC to discuss Pilarcitos Pipeline repair and alternatives.

Safety Meeting and Training

On 13 April, the safety training was a make-up session for Cardio Pulmonary Resuscitation (CPR) and First Aid. Donovan, myself, Davis and Bruce were in attendance. There was no safety committee meeting in April.

Safety Equipment

Personal Protective Equipment (PPE) (ear plugs, eye protection, poison oak cleanser and sunscreen) were organized and conveniently placed in the shop for easy access. A new First Aid kit was hung on the wall nearby. The shop emergency eyewash shower was serviced also.

Treatment Operator Training

Logan Duffy received 34 hours of treatment operator training at the Nunes WTP under the guidance of Steve Twitchell and Sean Donovan.

Site Fire Protection and Emergency Access

We have installed fire department Knox Boxes at District Center, Denniston Pump Station and WTP. We will be installing a similar device at the back gate and the shop.

Regulatory Agency Interaction

<u>California Department of Public Health (DPH)</u> Submitted the 2010 annual report to DPH in April.

Denniston Treatment Improvement Project DPH Review

We submitted the design drawings and specs to our DPH engineer for review in April. She informed us that the design and specs are approved and will require us to carefully report plant performance weekly for the first year of operation.

Projects

Tank Recoating Projects

The specifications for repairs, internal lining and external coating of the Half Moon Bay Tank 1 are complete and will be sent to prospective bidders on the first week of May.

Denniston Treatment Improvement Project

We hired a contractor to remove the sludge out of the Denniston sludge drying pond in preparation for the upcoming improvement project.

<u>Crystal Springs Main Check Valve Vault Lid</u> The lid has been installed and looks great.

Monthly Report

То:	David Dickson, General Manager
From:	Cathleen Brennan, Water Resource Analyst
Agenda:	May 10, 2011
Subject:	Water Resources Report

This report is provided as an update on water resources activities. The report includes the following items:

- Water Day Celebration Saturday, May 14 2011
- 2010 Urban Water Management Plan
- California Urban Water Conservation Council
- Half Moon Bay Precipitation Table
- List of Meetings

□ Water Day Celebration

Join us on Saturday, May 14th (10:00am to 2:00pm)

Customers are invited to tour the Nunes Water Treatment Plant and learn how drinking water is treated and distributed.

This is a unique opportunity to meet with District staff and view displays of the District's water sources and other facilities. The event will take place at the softball field at Half Moon Bay High School between 10:00am and 2:00pm.

2010 Urban Water Management Plan

Staff is working with West Yost Associates to complete the 2010 Urban Water Management Plan. The public hearing is scheduled for the June 14, 2011 Board meeting at 7:00pm.

California Urban Water Conservation Council (CUWCC)

The new reporting database for the CUWCC is not available due to delays in the development. The CUWCC has provided members with an alternative of submitting PDF files to comply with reporting requirements. The Best Management Practices coverage reports for the Foundational and GPCD Best Management Practices have been submitted. The remaining Programmatic PDF files will be submitted, as soon as they are made available to CUWCC members.

D Half Moon Bay Precipitation Table

The month of March was above normal for precipitation bringing us back to normal for year to date precipitation.

Precipitation for Half Moon Bay (inches)													
	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Total
Historic Average	1.6	3.0	4.5	5.3	4.6	3.8	1.9	0.8	0.3	0.1	0.2	0.4	26.3
2010				2011									
Water Year 2011	1.1	3.0	6.9	1.3	3.4	5.8	0.5						21.9

□ List of Meetings

Pilarcitos Creek Workgroup - IRWMP	April 5, 2011
Water Day Planning Meeting	April 18, 2011
CUWCC - Group 1 Rep Committee	April 20, 2011
Waterfluence – J.Whitcomb	April 29, 2011
