### 6) **GENERAL BUSINESS**

### A. <u>Adjusting the Fiscal Year 2015 Financial Plan in Response to Drought-</u> <u>Related Revenue Shortfall</u>

Mr. Dickson informed the Board, that as a result of the District's customers responding well to the District's request for voluntary conservation and water use restrictions, the year-to-date financials through October 31, 2014 show water sales approximately \$340,000 or about 9.4% below budget. He explained that assuming that the trend in conservation continues this shortfall in revenue would reduce the contribution to capital and reserves by about \$1 million in the current fiscal year. He referenced the tables provided in the staff report and discussed in detail some options that could be utilized to address the potential funding shortfall.

Mr. Dickson then reviewed a series of staff recommendations for the Board to consider, which included freezing Fiscal Year 2015 funding for Capital Improvement Project (CIP) projects as he had outlined, establishing a line of credit to access if needed for emergencies or to deal with further financial constraints, initiating the process for the FY 2016 long-term borrowing contemplated in the Financing Plan and developing CIP and Financing Plan scenarios based on the continuation of current reduced demand and possible further demand reductions. Each of the Board members shared their thoughts on the subject, expressing concerns about long-term borrowing, especially for the purpose of funding operating expenses, about establishing a line of credit and deciding how those funds would be used, about options for dealing with potential allocation reductions, as well as penalties and rate increases from SFPUC in case of a water shortage emergency, and about prioritizing capital improvement projects. Mr. Dickson advised that this subject would be brought back to the Board for additional discussion in the future.

### 7) GENERAL MANAGER'S REPORT -INCLUDING MONTHLY INFORMATIONAL REPORTS

**SFPUC Water Supply Update** – Mr. Dickson shared highlights of SFPUC Assistant General Manager Steve Ritchie's, recent presentation of SFPUC's water supply conditions to the BAWSCA Water Supply Management Representatives, noting that the underlying message is that we should prepare ourselves for the possibility of mandatory rationing.

Administration Building Remodeling Project – Mr. Dickson reported that the remodeling project is progressing on schedule, with completion expected in approximately mid-December 2014.

A. <u>Operations Report -</u> Mr. Guistino updated the Board on the progress of the Nunes Utility Water System, and the current status of the Avenue Cabrillo Project Phase 3A, and El Granada Tank 2 projects.

### B. <u>Water Resources Report</u>

Ms. Brennan provided updates on grant reimbursements, water savings from District customers of 11 percent, and the current California drought conditions.

| Subject: | Monthly Water Transfer Report                      |

### **Recommendation:**

None. For Board information purposes only.

### **Background:**

At the December 10, 2002 Board meeting and November 18, 2003 Special Board meeting, the Board made several changes to the District's water transfer policy. One of the changes directed the General Manager to approve routine water transfer applications that met the District's criteria as embodied in Resolution 2002-17 and Resolution 2003-19. The General Manager was also directed to report the number of water transfers approved each month as part of the monthly Board packet information.

Since the previous Board meeting in July 2014, one application to transfer one---5/8" (20 gpm) non-priority water service connections was approved. A spreadsheet reporting this transfer follows this report as well as the approval memorandum from Patrick Miyaki and the confirmation letter from Gina Brazil and Glenna Lombardi.

RE: Approval - Request for Transfer of Water Service Connection Capacity

Dear Property Owners:

This is official confirmation that the Coastside County Water District has approved your request to transfer one -5/8'' non-priority water service connection. The result of this transfer is as follows:

- APN 056-210-380 has no present right to a water service connection from the Coastside County Water District; and
- APN 047-071-270 now has a one 5/8" (20 gpm) non-priority water service connection assigned to it from the Crystal Springs Project.

Please be advised that the City Council of the City of Half Moon Bay has taken the position that the transfer of a water service connection meets the definition of "development" so as to require a coastal development permit from the City. Applicants are advised to investigate this issue further with the City of Half Moon Bay Planning Department if applicable. The Coastside County Water District, in approving this application, does not make any representations or warranties with respect to further permits or approvals required by other governmental agencies, including the City of Half Moon Bay.

Sincerely,

Gina Brazil Office Manager

## San Francisco Public Utilities Commission Hydrological Conditions Report For October 2014

J. Chester, C. Graham, A. Mazurkiewicz, & M. Tsang, November 10, 2014

*Lower Cherry Creek* below the Eleanor Creek confluence is a steep canyon channel with pools that are surrounded by steep cliffs. The inaccessibility of the area leaves the stream corridor pristine conditions.

Current Tuolumne System and Local Bay Area storage conditions are summarized in Table 1.

#### Hetch Hetchy System Precipitation Index <sup>5/</sup>

*Current Month:* The October six-station precipitation index is 1.50 inch, or 85.3% of the average index for the month.

**Figure 2:** Monthly distribution of the Hetch Hetchy Six-station precipitation index as percent of the annual average precipitation.

*Cumulative Precipitation to Date:* The accumulated six-station precipitation index for water year 2015 was 1.5 inches, which is 4.2% of the average annual water year total, or 85.7% of the annual-to-date. Hetch Hetchy received 1.69 inches of precipitation in October, for a water year total of 1.69 inches. The cumulative Hetch Hetchy precipitation is shown in Figure 3 in red.

#### Precipitation at Hetch Hetchy - Water Year 2015

**Figure 3.** Water year 2015 cumulative precipitation measured at Hetch Hetchy Reservoir through September 30<sup>th</sup>, 2015. Precipitation at the Hetch Hetchy gauge for wet, dry, median, and WY 2014 are included for comparison purposes.

<sup>5</sup>/The precipitation index is computed using six Sierra precipitation stations and is an indicator of the wetness of the basin for the water year to date. The index is computed as the average of the six stations and is expressed in inches and in percent.

<sup>6</sup> Hydrologic Record: 1919 – 2010

## **Hetch Hetchy System Operations**

Draft and releases from Hetch Hetchy Reservoir in the month of October totaled 20,511 acre-feet to meet SJPL deliveries and instream release requirements. The instream release schedule at Hetch Hetchy Reservoir for the month of October was year type C (below normal conditions). This year type is based upon accumulated runoff in water year 2014, starting October 1<sup>st</sup>, 2013 through July 31, 2014. The instream release requirement from Hetch Hetchy Reservoir was 35 cfs for October. Releases for the month of November are 35 cfs under the type C water year condition.

A power draft of 7,805 acre-feet was made from Cherry Reservoir during the month of October to meet District inflow obligations. For reservoir management, 4,966 acre-feet of water was transferred from Lake Eleanor to Cherry Reservoir. The required minimum instream release from Lake Eleanor for October was 10 cfs. Required instream releases from Cherry Reservoir during October were 5 cfs. During the month of November, the instream release requirements from Lake Eleanor and Cherry Reservoir are 5 cfs.

#### **Local System Treatment Plant Production**

The Harry Tracy Water Treatment Plant average production rate for the month of October was 21 MGD. The Sunol Valley Water Treatment Plant production rate for the month was 4 MGD.

#### Local System Water Delivery

The average October delivery rate was 204 MGD which is a 2% increase above the September rate of 201 MGD.

October is the beginning of the new Water Year 2015. Moderate precipitation was recorded in the local watersheds for the month. The October rainfall summary is presented in Table 3.

<sup>7</sup> WY 2015: Oct. 2014 through Sep. 2015.

#### **Snowmelt and Water Supply**

Water year 2015 began on October 1<sup>st</sup> and put water year 2014 into the record books. The month of October brought one storm event at the end of the month which had relatively low snowlines (down to 5,500 feet) delivering the first dusting of snow. Warm temperatures and sunshine has melted this early snowfall event. Fall storm conditions have little indication of what to expect over the winter months. The National Weather Service's Climate Prediction Center indicates equal chances of above or below normal precipitation for the winter months. Due to the limited storm activity, no water has been available to the City during the first month of water year 2015 (Figure 5).

#### PREAMBLE

This Memorandum of Understanding (MOU) is entered into pursuant to the Meyers-Milias-Brown Act, California Government Code Section 3500, *et seq.*, by COASTSIDE COUNTY WATER DISTRICT (District) and Teamsters Local 856 (Union). It is based on the 2008 agreement that was honored by both sides, however, never signed. This MOU shall be deemed effective for the period from July 1, 2014 through June 30, 2017, upon signature by the Union and subsequent approval by the Board of Directors of the District.

#### ARTICLE 1. RECOGNITION

The District recognizes the Teamsters Local 856 as the certified majority representative of the employees in the unit consisting of those classifications set forth in the attached Exhibit "A.".

#### ARTICLE 2. TERM

The effective date of this MOU shall be July 1, 2014 through June 30, 2017.

#### ARTICLE 3. DISCRIMINATION

Neither the District nor the Union will interfere with the right of its employees to become members of or participate in, or to not become members of or participate in, the Union. Neither the District nor Union, nor any of their agents will discriminate against, interfere with, restrain, or coerce any employee because of their membership or lack of membership, or participation or lack of participation in the Union.

#### ARTICLE 4. EMPLOYEE RIGHTS

#### A. **Representation**

Local 856 may designate up to two (2) employees to serve as employee representatives. The Union shall provide the District Manager each calendar year with a list of the designated employee representatives.

Employee representatives shall be granted a reasonable amount of time with pay to investigate and process grievances during working hours, to bring about a prompt disposition of the matter. Before leaving their work location assignment to act as employee representatives, they must first obtain permission from their immediate supervisor and inform the supervisor of the nature of the business. Permission will be granted promptly unless absence would cause an undue interruption of work.

Upon entering a work location, an employee representative shall inform the proper supervisor of the general nature of the Union representative's business. Permission to leave the job will be granted to the employee involved unless such absence would cause an undue interruption of work.

#### B. Membership

Within thirty-one (31) days after the beginning of this Memorandum of Understanding, or within thirty-one (31) days of date of hire, whichever occurs later, each employee of the District

covered by this Memorandum of Understanding shall be required as a condition of continued employment to:

- (a) Become and remain a member of the Union, or
- (b) Pay to the Union a service fee in an amount that will be established by the Union each year and communicated to the District Manager. The Union will use the service fee only for the purposes of labor relations' activities.
- (c) Employees who qualify under the National Labor Relations Act for an exemption from (a) or (b) above, will contribute the amount specified in (b) above, to a charity designated by the parties to this Memorandum of Understanding.

#### Notification to the Union

The District shall supply the Union with names, classifications and work locations of newly hired employees and terminated employees in represented classes within fifteen (15) calendar days of hire or termination. The District will provide the Union with an up to date seniority and classification list for all bargaining unit employees upon reasonable request.

#### Payroll Deduction

During the term of this Memorandum of Understanding, the District will deduct Union dues, service fee or charitable contribution from an employee's wages for any employee covered by this Memorandum of Understanding who has voluntarily provided the District with a written authorization for such deduction. The District shall provide authorization forms to all current and new employees. Such deductions will continue for the term of this Memorandum of Understanding. The monies deducted will be transmitted by the District to the Union within fifteen (15) calendar days of the payroll period pay date.

#### Indemnification

The Union understands and agrees that the District assumes no liability in connection with any provision of this Section. Any question as to the correctness of the deductions authorized and made will be a matter to be resolved between the Union and the employee. The Union shall indemnify and hold the District harmless from any claims, demands, suits or any other action arising from any provisions of this Section.

#### C. Personnel Files

Personnel files shall be made available for inspection by an employee, or by a Local 856 representative with the written consent of an employee, within a reasonable time (for the purposes of this section 24 hours) after an employee's request and without loss of pay, provided that the employee makes arrangements with the District Manager if the inspection occurs on duty. Upon written request, an employee may obtain copies of the materials subject to inspection. The District may preclude inspection of certain information in accordance with the law, such as background and other pre-employment information, and materials relating to confidential investigations.

The District shall furnish the employee copies of all performance evaluation reports and letters of reprimand or warning prior to placement of such documents into the employee's personnel file. The employee may be required to acknowledge the receipt of any document entered into his

personnel file without prejudice to subsequent arguments concerning the contents of such documents.

An employee who disagrees with the contents of a letter of reprimand or warning which is placed in the employee's personnel file may submit a written response thereto and have such response placed in the employee's personnel file.

#### D. Work Access

A Local 856 representative desiring access to a work location shall state the purpose of the visit and request the District Manager or his/her designee's authorization prior to the intended visit. If authorization for such access is not granted, the Union representative will be informed when time will be made available. Authorized Union representatives may be given access to work locations during working hours solely for the purpose of conducting grievance investigations, posting literature on bulletin boards, and/or observing working conditions. The Union agrees that its representatives will not interfere with operations of the District or any of its facilities.

#### E. Bulletin Boards

The District shall furnish reasonable bulletin board space to the Union at all work locations. The boards may be used for the following subjects:

- 1. Union recreational, social and related Union news bulletins;
- 2. Scheduled Union meetings;
- 3. Information concerning Union election or results thereof; and
- 4. Reports of official business of Union, including newsletters and reports of committees.

Any other written material must first be approved and initialed by the District Manager or a designee. Material must be properly posted and shall be timely removed by Union representatives.

#### ARTICLE 5. MANAGEMENT RIGHTS

Teamsters Local 856 recognizes that the District continues as the sole and exclusive manager of the District's facilities, having all the power, rights, functions, and authority formerly or usually held by management, except to the extent these are limited by a specific expressed provision of this MOU.

#### ARTICLE 6. WORK CURTAILMENT

The purpose of this section is to insure that the Health and Safety of the public are not compromised due to a failure of District employees to properly operate and maintain District facilities and equipment.

Under no conditions or circumstances shall the Union or any of the employees it represents individually or collectively cause, sanction, honor or engage in any strike, sit-down, stay-in, sick-out, slow-down, speed-up, work to rule or in any other type of job action, curtailment of work, restriction of production or restriction of service during the term of this Agreement.

## ARTICLE 7. WORK SCHEDULE

#### A. Hours of Work

The District Manager or designee shall determine the work schedule. The District Manager or designee shall schedule employees to work on regular work shifts, having regular starting and quitting times, currently set at 0700 and 1530, with one additional coverage shift from 0800 and 1630. The District Manager may implement a work schedule that provides for weekend work.

#### B. Standby Duty

Because of the potential consequences of an operating failure in the District's treatment plants and pumping stations, it is necessary that all qualified and certified District employees must be available during non-working hours to receive and respond to emergency calls pursuant to Personnel Manual (11-06) Section 2.07 C. The District Manager may require work specific qualified employees to be on call during non-working hours, including Saturdays, Sundays and holidays.

The District may also contact an employee by phone and each employee who is contacted by phone outside their regular work hours to engage in a work related situation will receive a minimum of thirty (30) minutes of pay.

There will be only one two (2) hour payment for each two hour call out measured home portal to home portal.

Stand-by employees must also be prepared to comply with all District safety and substance abuse policies.

#### C. Changes in Work Shifts

The District shall have the sole discretion to determine the number, type, duration and start time of regular shifts for any classification and will provide employees a three (3) day notice.

#### D. Lunch and Meal Breaks

Lunch and Meal Breaks will be in accordance with Section 2.05 of the Personnel Manual (11-06).

#### ARTICLE 8. OVERTIME

Overtime is defined as work outside of the employee's regular work hours. It is the District's general policy to avoid the need for overtime work whenever possible. Overtime will be paid in quarter hour increments. All overtime work must be authorized in advance by the appropriate supervisor, except in cases of emergency.

#### ARTICLE 9. COMPENSATORY TIME OFF

A non-exempt employee may elect to be compensated for overtime with compensatory time off on the basis of 1.5 hours of time off for each hour of overtime worked at the discretion of the immediate supervisor, and approval of the District Manager, with due regard to District needs.

Compensatory time off may be accrued up to a maximum of eighty (80) hours of compensatory time in a calendar year. Once an employee accrues eighty (80) hours of

compensatory time off, the employee ceases accruing compensatory time off. Compensatory time off may be carried over from one year to the next but an employee may not have more than 80 hours of compensatory time on the books at any time. Excess compensatory time off shall be considered overtime and paid for on the first paycheck after the accumulated total exceeds 80 hours. An employee, who wishes to use compensatory time off, must fill out a "Leave Request" form. Use of compensatory time off must be approved in advance by the employee's supervisor.

Any employee who separates from District employment shall be paid for all unused compensatory time at the employee's salary at the time of the separation.

#### ARTICLE 10. PROBATIONARY PERIOD

A. All regular employee initial and promotional appointments to permanent full-time positions shall be subject to a probationary period. The probationary period shall for six (6) months from the date of hire or promotion. An employee's probationary period may be extended by the District Manager, upon recommendation of the employee's immediate supervisor, for a period of up to six (6) months to allow further observation of an employee's work performance or as otherwise appropriate. Periods of time during unpaid absences shall automatically extend the probationary period by the number of days of the absence. Further, periods of time on paid leave exceeding ten (10) working days shall automatically extend the probationary period by that number of days the employee is on leave.

B. Employees may be terminated during the probationary period for any reason and at any time, without cause, without notice, and without any right of appeal.

C. When a permanent employee is promoted, a promotional probationary period shall begin on the effective date of the promotion. During the probationary period of a promoted employee, the department manager may recommend that the employee be demoted to the former position, range and salary if the employee's performance and/or conduct do not meet the standards set for the position to which the employee was promoted. An employee on promotional probation shall have no rights of tenure in the promotional position and may be returned to his/her former position without cause, without notice and without any right of appeal.

D. Successful completion of the probationary period does not provide the employee any additional, or greater, rights to employment than those held by regular employees.

E. An employee will not under any circumstances have successfully passed probation until the employee receives written notification from the District Manager, prior to the expiration of the employee's probationary period.

#### ARTICLE 11. JOB CLASSIFICATIONS

#### **Classified Positions**

The District Manager, or his/her designee, shall recruit and appoint personnel to classified positions. The District may use any legitimate recruitment procedure for attracting qualified applicants.

The District Manager is the only District employee authorized to hire District employees. All candidates recommended for appointment by a department head are to be interviewed by the

District Manager or his/her designee prior to appointment. This includes part-time, temporary, seasonal and promotional appointments.

#### COMPENSATION AND BENEFITS

#### ARTICLE 12. WAGES

The District's current Classification Plan and Salary Plan is attached as Exhibit A to this MOU.

#### ARTICLE 13. DEFERRED COMPENSATION PLAN

Employees may contribute a portion of their salary in accordance with Internal Revenue Service (IRS) regulations to be invested into a Deferred Compensation Plan. Plan information may be obtained from the General Manager or designee.

#### Supplemental Income Trust Fund/SIP 401(k) Plan

In recognition of the changes in Article 21, for employees hired <u>prior to November 1, 2008</u> the District shall contribute to the WCT Supplemental Income Trust Fund for the purpose of providing a defined contribution plan for each employee monthly sums to be effective and computed as set forth below:

Effective July 1, 2008 the District shall contribute Forty Eight Dollars (\$48.00) per month for each employee who has worked or been paid for one hundred sixty hours (160) straight-time hours or more during said month. For employees working less than said one hundred sixty (160) straight-time hours, the payment shall be computed at the rate of Thirty Cents (\$0.30) for each straight-time hour worked or paid for.

Once an employee has reached the maximum cap on accrual for his/her particular years of service, as specified in 3.03.K of the Personnel Manual (11- 06), the employee ceases accruing vacation. When the employee's vacation accrual falls below the maximum cap on accrual, the employee will resume accruing paid vacation time.

Part-time regular employees (both benefited and non-benefited) are eligible to accrue vacation leave on a pro rata basis. Temporary, seasonal, and emergency employees are not eligible to accrue paid vacation leave.

Eligible employees begin accruing paid vacation time as of the date of hire. Employees may request to take accrued vacation upon completion of at least six months of continuous service with the District, subject to approval by their supervisor. Employees may not request to take vacation that they have not yet accrued.

If a District-paid holiday falls within the employee's scheduled vacation, the employee will be credited with the holiday pay, and will not be charged vacation for that day.

Employees who separate from District service will be paid for any accrued but unused vacation time at the time of separation from District service.

Use of vacation leave must be approved in advance by the employee's supervisor. Employees shall give at least two (2) weeks' notice of a vacation leave request of five or more days and fill out a "Leave Request" form.

Deficit vacation leave requests (requesting vacation leave when an employee has a negative leave accrual balance) will not be approved. Leave taken in excess of that which is accrued will be considered leave without pay.

\*Each employee shall be entitled to one full day "Floating Holiday" per calendar year. The floating holiday must (1) be scheduled so as not to interfere with work requirements, and (2) be approved in writing at least 15 days in advance by the employee's immediate supervisor.

When a holiday falls on a Sunday, the following Monday will be observed as the holiday. When a holiday falls on a Saturday, the preceding Friday will be observed as the holiday.

Only full-time probationary and regular employees of the District are eligible to receive paid holidays. Full time employees will be paid eight hours per holiday. Employees working an alternate work schedule, such as a 9/80, will also receive 8 hours of paid leave per holiday.

## ARTICLE 16. SICK LEAVE

### A. Accrual

Eligible employees may accrue paid sick leave time off to be used only in the event of the illness or injury of the employee or the employee's family (parent, spouse, domestic partner, or children only), or for the employee's or the employee's family's medical/dental or other appointment with a licensed health care provider for examination or treatment.

Full time employees (regular and probationary) earn paid sick leave at the rate of eight (8) hours for each calendar month of service. Part-time regular employees (both benefited and nonbenefited) accrue paid sick leave on a pro-rata basis. Temporary and seasonal employees do not accrue paid sick leave.

## B. Certification

If an employee is absent because of illness, he/she must notify his/her supervisor within one half hour of the time the employee is scheduled to report for work. An ill or injured employee is expected to call personally. Should the employee be hospitalizes and if for some reason it is not possible to call, the employee must explain the reason upon return to work.

The District typically requires an employee who has been absent from work for three (3) consecutive workdays to provide certification of illness or injury from a healthcare provider before returning to work. As provided for in Section 3.03 of the Personnel Manual (11-06) the District Manager may require such certification after an absence shorter than three days.

## C. Integration with Workers Compensation Benefits

An employee receiving workers' compensation insurance benefits will have his/her sick leave, vacation and compensatory time off benefits integrated, unless the employee indicates in writing that the employee does not desire that to occur, so that the employee's pay equals, but does not exceed, the employee's regular straight-time earnings **with employee's permission**.

## D. Use of Sick Leave

In cases where the employee knows in advance of the need to take sick leave, the employee shall complete the Leave Request Form in advance of the requested time off and receive approval for the use of sick leave time prior to its use. Employees on unanticipated sick leave shall complete the leave request form immediately upon return to work. The District reserves the right to require a statement from a certified healthcare provider whenever an employee misses work and takes sick leave under this policy. This statement must contain: 1) a verification that the employee had a health justification for his/her absence from work; 2) the beginning and ending dates of the health-related absence; and 3) a statement that the employee is released to work. If the health care provider recommends any work restrictions be placed on the employee, the certification must set forth those restrictions, as well as the anticipated duration of those restrictions. Violation of sick leave provisions will result in disciplinary action.

## E. Separation From Employment

Upon separation from District employment, an employee is entitled to receive payment for any unused sick leave pursuant to Section 3.03 A.d. of the Personnel Manual (11-06).

## F. Sick Leave Abuse

Sick leave is to be used only in the case of real sickness, disability, medical or dental care for the employee or to attend to the health needs of an immediate family member. If the supervisor finds that an employee is abusing the sick leave program, those findings will be reviewed by the District Manager or designee and presented to the employee. The employee may request the presence of the Shop Steward. The employee shall be notified in writing that he/she will be required to provide a doctor's certification for any additional sick leave. This requirement, once invoked, will remain in effect for a period of six (6) months. At the end of the six month period, the employee and his/her immediate supervisor and the District Manager will review the employee's sick leave record and decide if the requirement should be continued or discontinued. In any case, the employee shall receive a written notice outlining the decision. Failure of an employee to provide a doctor's certification when required under these terms may result in a loss of pay for the day(s) or time in question.

## ARTICLE 17. OTHER LEAVE WITH PAY

#### A. Bereavement Leave

Leave will be granted in accordance with Section 3.03 H. of the Personnel Manual (11-06).

#### B. Jury Duty and Court Witness Leave

Employees must keep their supervisors informed of jury or witness service schedule. If called to jury duty or witness duty, any regular full-time employee will be paid up to a maximum of ten (10) working days per year for the working hours lost while on jury or witness duty. Payment for working days lost while on Jury Duty in excess of (10) working days will be at the discretion of the District Board.

This policy does not apply to witnesses testifying as an expert in any matter. Employees wishing to testify as an expert witness must apply for unpaid leave or use vacation, floating holiday, or compensatory time off. For the period of District-paid jury or witness leave, any Court-issued payment, with the exception of travel pay, shall be submitted to the District.

Employees must obtain permission in writing for personal leave without pay from the District Manager. Leave without pay in excess of six (6) months will not be granted unless specifically approved by the District Board upon recommendation of the District Manager Engineer. Personal Leave without pay shall be granted only after all other applicable available accrued leave time is exhausted.

Employees on personal leave without pay will not accrue vacation, sick leave or other benefits, or receive service credit. Depending on the length of leave, the employee's anniversary

date may be adjusted to thereby delay any scheduled date for salary increase. Health and life insurance benefits ordinarily provided by the District, and for which the employee is otherwise eligible, will be continued but not to exceed thirty (30) days. After thirty (30) days, an employee may elect to continue health insurance benefits at their own expense.

Failure of an employee on leave without pay to report to work promptly at the conclusion of the approved leave without pay shall be considered a voluntary resignation effective as of the scheduled return to work date.

#### ARTICLE 19. INDUSTRIAL INJURY LEAVE

Incidents involving injury or illness of an employee in connection with District employment must be reported promptly to the employee's supervisor.

Or, an employee may elect to receive only the workers' compensation benefits to which the employee is entitled under state law rather than have his/her available accumulated leave charged while on workers' compensation leave.

#### ARTICLE 20. SPECIAL PAYMENTS

#### A. Certificates/Licenses

When certificates are required for a position, the District will reimburse the employee for the cost of renewing the certificate.

The District will provide reimbursement for employees who renew/maintain their Class B Drivers Licenses that are required by their job description.

This 2015 monthly premium is the maximum contribution to be paid by the District and is the full and total contribution amount that the District will contribute toward medical benefits. Employees who select a medical plan with a higher monthly premium than the maximum monthly premium paid by the District shall pay the difference through payroll deduction. Should an employee select a medical plan with a lower monthly premium than the maximum monthly premium paid by the District, the District's contribution shall be limited to the cost of the monthly premium.

#### ARTICLE 24. GRIEVANCE PROCEDURE

#### A. **Definitions**

A "grievance" shall mean a complaint concerning the interpretation or application of this Memorandum of Understanding. This grievance procedure may not be used for any of the following: to change wages, hours or working conditions; to challenge the content of performance evaluations, to contest discipline; or to challenge a reclassification, layoff, transfer, denial of reinstatement or denial of salary increase. If any party initiates litigation, including but not limited to, administrative proceedings with a state or federal agency such as OSHA, EEOC, DFEH, PERB, etc. concerning a matter which is otherwise subject to the grievance process, the other party may (at their discretion) deem the litigating party as having elected judicial/administrative remedies and waived any rights under this grievance procedure.

A "grievant" is any employee adversely affected by an alleged violation of the specific provisions of the MOU, or the Union, on behalf of one or more represented employees adversely affected by an alleged violation of the specific provisions of the MOU. An employee has the right to the assistance of a representative in the preparation of a written grievance and to be represented in all grievance meetings.

#### B. Procedure

1. Grievances must be in writing, and initiated within ten (10) working days following the occurrence, or knowledge of the events on which the grievance is based. Failure to do so will result in the grievant being barred from advancing the grievance. A grievance, or a copy of the grievance, should be provided to the grievant's supervisor and the District Manager.

2. Elements of a Grievance

The written grievance should include:

- a. a description of the specific facts and grounds upon which the grievance is based including the names, dates, and places necessary for a complete understanding of the grievance;
- b. a specific explanation of how the grievant has been adversely affected;

- c. listing of the provisions of the MOU which are alleged to have been violated;
- d. a listing of specific actions requested by the grievant of the District which will remedy the grievance, including a specific dollar amount, and the basis for the dollar amount, of any alleged damages at issue, provided the employee has access to relevant financial data;
- e. a statement declaring self-representation or the selection of representation by the Union for said grievance
- f. the printed name and signature of the grievant
- g. the name, address and telephone number of the persons(s) to whom notices may be sent regarding the grievance; and
- h. date of grievance

Grievances that fail to include these elements may not be considered or appealed unless the District waives this section.

3. Waiver of Timelines

Any level or review, or any time limits established in this procedure may be waived or extended by mutual agreement confirmed in writing. If a particular grievance is of an unusual or unique nature, which may place it outside the scope of authority of an immediate supervisor, the grieving party may contact the District Manager to determine the appropriate level for filing such grievance. The determination of the District Manager in this regard shall be final.

4. Level I - Informal Resolution

It is the intent to deal with and resolve grievances informally, at the nearest practical organizational level, and as promptly and fairly as possible.

An employee who has a grievance shall first try to settle it through discussions with the employee's immediate supervisor. The immediate supervisor shall respond within thirty (30) working days which may be extended ten (10) working days with notice to the grievant. Any decisions rendered shall be consistent with the authority to do so.

5. Level II – District Manager

If the employee is not satisfied with the outcome of the informal resolution, the employee may file a formal written appeal to the District Manager within five (5) working days after the date a decision was rendered by the supervisor. The appeal shall contain an explanation why the grievant believes the decision of the supervisor was unsatisfactory.

In considering the grievance the District Manager or designee may, but is not required, to schedule a meeting with the grievant and/or other relevant persons. If the District Manager or designee schedules a meeting, the District Manager or designee shall have the right to decide how the meeting is conducted. The meeting shall not be a formal hearing, and examination and cross-examination of witnesses typically shall not be permitted.

The District Manager or designee shall submit a written decision within the later of either twenty (20) working days after receipt of the grievance or the grievance meeting(s).

6. Level III – Appeal to Non-Binding State Mediation

If the Union is dissatisfied with the District Manager's or designee's response, the Union has the sole right to appeal the decision by submitting a request for non-binding mediation. The appeal must be received by the District Manager within ten (10) working days of the District Manager's or designee's response to the grievance.

The Union and District shall attempt to agree upon an mediator. If no agreement can be reached, they shall request that the State Conciliation Service to supply a mediator experienced in hearing grievances involving public employees.

If either the District or the Union so requests, a mediator shall hear the merits of any issue raised regarding process first. No hearing on the merits of the grievance will be conducted until the issue of process has been decided.

The mediator shall, as soon as possible, hold a hearing and hear evidence regarding the grievance.

Following the hearing, and receipt of post-hearing written argument, if any, the mediator shall submit written findings if requested by both parties and a non-binding recommendation to the District's Board of Directors. The District Manager and the Union shall receive a copy. The Board of Directors may accept, reject or modify the recommendation(s). The Board shall issue a written decision which shall be provided to the Union. The decision of the Board of Directors shall be final.

#### ARTICLE 25. FULL UNDERSTANDING

A. The parties agree that this MOU sets forth the full and entire understanding of the parties regarding the matters set forth herein.

B. Except as specifically otherwise provided herein, it is agreed that neither the District nor Union shall be required to meet and confer with respect to any subject or matter covered in this MOU.

C. All Ordinances, Resolutions, Rules and Practices not inconsistent with this MOU, whether known by the parties at the time this MOU was negotiated and signed or not, shall not be superseded, modified or repealed by implication or otherwise by this MOU.

#### ARTICLE 26. SEVERABILITY

If any provisions of this agreement should be held invalid or restrained by operation of law or by any court of competent jurisdiction, the remainder of this agreement shall not be affected thereby and the parties shall enter into negotiations for the sole purpose of arriving at a mutually satisfactory replacement for such provision.

#### **Background:**

For this month's report, I would like to highlight the following:

- 1. Magellan Pipeline Leak and Boil Water Advisory: I would like to recognize the competence, dedication and professionalism the District's employees demonstrated in responding to the major pipeline leak on November 23 and in dealing with its consequences, including the boil water advisory. Everyone on the staff was involved, from the crew that arrived within an hour of the leak and worked until 3am to repair it, to the office staff who answered scores of calls over three days to inform and assist our customers. Joe Guistino deserves particular recognition for leading the response effort and for communicating effectively with the regulators at the State Water Resources Control Board.
- 2. Administration Building Remodeling Project: The last phase of construction, sheetrock installation, was delayed by the delivery schedule for boardroom recessed light fixtures and should be complete by 12/18. The contractor should be out by 12/31, allowing flooring and furniture installation during the week of 1/5. We should be back in the building by mid-January.

## **Monthly Highlights**

Magellan Main Break and Boil Water Advisory

The District was mandated to issue a boil water advisory on November 24 by the California State Water Resources Control Board Division of Drinking Water (DDW) when we lost water pressure along Columbus Street in El Granada from a catastrophic main break on Magellan on November 23. Bacteriological sampling indicated that no water contamination occurred, and the boil advisory was lifted on November 26.

## Crystal Springs PS Communication Improvements

Our contractor has installed satellite communication with direct link to the internet and a dial out notification system on ATT voice lines to bring reliable telemetry and alarm notification back to Crystal Springs Pump Station (CSPS).

## Source of Supply

Crystal Springs and Denniston Reservoirs as well as Denniston and Pilarcitos Wells were the source of supply in October. Pilarcitos Wells contributed 4.43 MG and the Denniston System contributed 0.94 MG.

#### System Improvements

## Pilarcitos Canyon

Cleared brush around wells and rocked the access road to the well field.

#### Crystal Springs Flow Meter

A remote reader was installed at Cahill Tank site to enable operators to locally and remotely see flows from Crystal Springs Pump Station (PS),

## <u>Truck</u>

A pickup truck was added to the fleet to accommodate the newly added operator's transport to and from the treatment plants.

## Crystal Springs PS Communication Improvements

We have been unsuccessful in getting ATT to repair the data lease lines have been communicating with CSPS via Verizon cell modems. This proves not to be 100%

reliable due to the Verizon cell service dropping out on occasion. Calcon has installed a satellite dish and software whereby the station can communicate with our central SCADA via the internet.

## El Granada Tank 2 improvements

A local contractor stabilized the slope at the pump station site with landscaping and completed a retaining wall to prevent the neighbor's yard from encroaching on our site.

## Nunes Storage Container

The storage container at Nunes has been cleaned out and will be the storage site for our PVC pipe.

## **Other Activities Update:**

#### Magellan Main Break and Boil Water Advisory

A major failure of the 10" cast iron main on Magellan Avenue on the evening of 23 November resulted in the draining of El Granada Tank #1, loss of water pressure along Columbus Avenue, turbidity complaints in El Granada and a subsequent boil water order being required by California State Water Resources Control Board Division of Drinking Waterfor the area that lost pressure. The order was issued on the afternoon of 24 November and lasted until we provided two consecutive clean bacteriological results of samples one day apart in the area of low pressure. We received 31 calls of colored water, 4 calls of low pressure and 26 calls inquiring as to the boil water advisory. We estimate that we lost 720,000 gallons from this event. The hydraulic model estimated that the flow from the break was 6,700 gpm. District crews issued door hangers to notify the affected customers of the start and cessation of the boil water advisory

#### **Denniston Dam Repairs**

We received two designs to repair the leak in the wood stop logs on the bypass shaft on Denniston dam. One design was for a permanent fix and involves installation of three sluice gates and an operating platform and will be a major capital expense. The other design is for a temporary fix whereby a steel plate would be affixed to the sluice gate opening and secured with jacks. We will be pursuing the temporary fix that will buy time to acquire the funds and time needed for a more permanent fix.

#### Pilarcitos Well Field

We have started the Pilarcitos well field for the winter flow season. A local electrician made some repairs to well #1 and will be making improvements to other wells in the well field in December.

## **Regulatory Agency Interaction**

#### <u>CWRCB</u>

-Submitted 50% engineering drawings of the new Hazen's Tank Replacement Project for their review.

-We had been in close communication with CWRCD during the boil water advisory between 24 and 26 November.

## Safety/Training/Inspections/Meetings

Meetings Attended

7 November – Teleconference on the impending state National Pollution Discharge Elimination Survey (NPDES) general permit.

10 November – Met with owner of property surrounding Miramontes Tank to discuss modifications he will be making to his property and Miramontes Tank access road.

12 November – Coastside County Water District (CCWD) Board Meeting

12 November – San Francisco Public Utility Commission (SFPUC) Technology Workshop in Redwood City

Tailgate safety sessions in September

3 November – Reducing the Threat of Workplace Violence

10 November – Facing Up to Stress

26 November - Carpal Tunnel Syndrome

CINTAS Safety Committee and Training

There was no safety committee meeting in November.

The monthly safety training was on Incident Investigation Training for supervisors and Defensive Driving. Davis attended the Incident Training and Bruce, Damrosch, Davis, Schmidt, Duffy, Patterson, Whelen and Munguia attended the Defensive Driving session.

## Training

I attended the Academy of Water Education (AWE) Backflow Certification Course in Sacramento from 17-21 November sponsored by the California Rural Water Association.

Treatment/Distribution Operator in training Ray Winch attended a refresher class on Water Treatment on 6 and 7 November in order to pass the Water Treatment Operator II, which he is required to do by January 2016.

## Projects

## Avenue Cabrillo Project Phase 3A

The project is steadily proceeding. The contractor has about 2 more days of main pipe and hydrant installation, after which they will pressure test and disinfect the pipe and start on tying in the services. The project should be complete by mid January.

## Main Street Bridge Project

All submittals for the emergency bypass piping have been submitted and are presently in review. The emergency bypass pipeline will allow the District to take the present pipe attached to the Main Street Bridge out of service to prevent a catastrophic failure with compromised water delivery south of the bridge and subsequent environmental damage.

### El Granada Tank 3 retrofit

The completed plans have been submitted and are presently under review.

This informational report includes: Water Savings Update

#### Water Savings Update

From March through November of 2014, customers have reduced their total consumption by 11 percent (62 MG) compared with the same time period in 2013. This is more than the voluntary 10 percent that the District is requesting. The sales categories that have seen the most reduction are single family residential (-15%; 45 MG) and agriculture (-13%; 7 MG).
