## ***STAFF REPORT***

**To:** Coastside County Water District Board of Directors  
via David Dickson, General Manager

**From:** Joe Guistino

**Agenda:** September 27, 2011

Report

Date: September 26, 2011

**Subject:** Award of Contract for 2011 Denniston Reservoir Maintenance  
Dredging

---

### **Recommendation:**

Authorize staff to enter into a contract with Andreini Bros. Construction to dredge 400 cubic yards of silt and remove vegetation from around the Denniston intakes and dam face, at a cost of \$16,525.

### **Background:**

Annual dredging around the intakes of the Denniston water treatment plant takes place in October per the conditions of our streambed alteration permit issued by the California Department of Fish and Game in 2009. We have solicited two informal bids from suitable contractors. Andreini Bros. presented the low bid of \$16,525. The other bid, from Anderson Pacific Construction, was for \$21,935. Andreini Bros. have performed the dredging for the last two years and have done a good job.

### **Fiscal Impact:**

\$30,000 is included in the FY11-12 CIP for Denniston dredging.

## **STAFF REPORT**

**To:** Coastside Countyt Water District Board of Directors  
via David Dickson, General Manager

**From:** Joe Guistino

**Agenda:** September 27, 2011

Report

Date: September 26, 2011

**Subject:** Approval of Contract for Judith Court Pipeline Replacement and Paving

---

### **Recommendation:**

Authorize staff to contract with Andreini Bros. Construction to: 1) replace 210 feet of 4" cast iron main with 4" ductile iron on Judith Court, at a cost of \$19,460, and 2) complete pavement repairs on Judith Court at a cost of \$19,320.

### **Background:**

On 9 September, there was a severe failure of the old and corroding cast iron main on Judith Court. District staff replaced the failed section with plastic pipe. The leak severely damaged the about 4,000 square feet of asphalt.

Since this is the second leak in 4 years on this main and since the cost of the asphalt work will be considerable, staff proposes to replace the main on this short cul de sac with new, ductile iron main before we repair the surface of the road. We solicited two bids from local contractors for the main replacement, with Andreini Bros. construction coming in with the low bid of \$19,460 for just the main replacement and service hook-ups. Andreini also submitted the lower bid for repaving, at \$19,320.

### **Fiscal Impact:**

Total cost of \$38,780, not included in FY11/12 CIP.

## ***STAFF REPORT***

**To:** Coastside County Water District Board of Directors  
via David Dickson, General Manager

**From:** Joe Guistino

**Agenda:** September 27, 2011

Report

Date: September 26, 2011

**Subject:** Approval of Contract with North Coast Divers for Crystal Springs Reservoir Work

---

### **Recommendation:**

Authorize staff to contract with North Coast Divers for diving services to support removal of the failed Crystal Springs intake valve actuator, for an estimated time-and-materials cost of \$17,490.

### **Background:**

As discussed the Board at the September 13 meeting, the pneumatic valve actuator for one of the Crystal Springs intake valves has failed. Failure of the other valve actuator while on the Crystal Springs source could leave the District without this source until repairs could be made. In order to avoid the possibility of having to make such repairs under emergency conditions, we propose to move forward immediately with a project to remove the failed actuator and corresponding valve, leaving the intake open. In a future project, we will remove the remaining actuated valve and reinstall both valves under the intake screens in Crystal Springs Reservoir.

In order for a contractor to remove the failed actuator and its corresponding valve in the tunnel, a dive company will have to remove the intake screen on that intake and replace it with a temporary blind flange. Once the contractors have removed the valve and actuator, District staff will operate the working pneumatic valve to reflood the tunnel and the dive team will remove the blind flange and replace the screen.

Staff considers this work to be of an emergency nature, so we have not solicited multiple bids for the diving effort. North Coast Divers is an experienced local firm that has worked for the District on the Crystal Springs intakes in the past. They are available to complete the work during the week of October 3.

### **Fiscal Impact:**

Cost of approximately \$17,490 for work not included in FY11/12 CIP.

## ***STAFF REPORT***

**To:** Coastside County Water District Board of Directors

**From:** David Dickson, General Manager

**Agenda:** September 27, 2011

Report

Date: September 26, 2011

**Subject: Resolution Authorizing Execution of the Installment Sale Agreement Between Coastside County Water District and the California Infrastructure and Economic Development Bank**

---

### **Recommendation:**

Approve the attached Resolution (Attachment A) authorizing the General Manager to execute the Installment Sale Agreement between Coastside County Water District and the California Infrastructure and Economic Development Bank (Attachment B), providing \$6,756,500 in financing for the Denniston Creek Water Treatment Plan Improvements Project.

### **Background:**

As reported to the Board at the August 9 meeting, Board of Directors of the California Infrastructure and Economic Development Bank (I-Bank) on July 26 approved a loan for the District's Denniston Creek Water Treatment Plant Improvements Project in the amount of \$6,756,500. The loan has a term of 30 years at an interest rate of 2.79% (plus a 0.3% annual fee).

District staff and District Counsel Patrick Miyaki have worked with I-Bank staff to finalize the Installment Sale Agreement in Attachment B. Approval of the Resolution would authorize the General Manager to make minor modifications to the approved agreement form and to execute and deliver all documents necessary to complete the I-Bank financing. Once I-Bank receives and executes the Agreement, I-Bank will establish the Effective Date, allowing the District to begin requesting disbursements.

### **Fiscal Impact:**

The I-Bank agreement provides \$6,756,500 in financing for the Denniston project, as contemplated in the District's 2011 Financing Plan Update.

This Agreement constitutes a continuing agreement between the Purchaser and the CIEDB to secure the full and final payment of the Purchase Price, subject to the covenants, agreements, provisions and conditions herein contained.

SECTION 2.02. Design, Acquisition, Construction and Sale of the Facility.

The CIEDB hereby agrees to design, acquire and construct the Facility for, and to sell the Facility to, the Purchaser. In order to implement this provision, the CIEDB hereby appoints the Purchaser as its agent for the purpose of such design, acquisition and construction; and the Purchaser hereby agrees to enter into such engineering, design and construction contracts and purchase orders as may be necessary, as agent for the CIEDB, to provide the complete design, acquisition and construction of the Facility. The Purchaser hereby agrees that as such agent it will cause the acquisition and construction of the Facility to be diligently completed. The CIEDB hereby agrees to sell, and hereby sells, the Facility to the Purchaser. The Purchaser hereby agrees to purchase, and hereby purchases, the Facility from the CIEDB. Notwithstanding the foregoing, it is hereby expressly understood and agreed that the CIEDB shall be, except as expressly provided herein, under no liability of any kind or character whatsoever for the payment of any costs or expenses incurred by the Purchaser (whether as agent for the CIEDB or otherwise) for the engineering, design, acquisition or construction of the Project and that all such costs and expenses shall be paid by the Purchaser, regardless of whether Project Funds are sufficient to cover all such costs.

SECTION 2.03. Payment of Purchase Price; Term; Interest Rates.

(a) The Purchase Price to be paid by the Purchaser to the CIEDB hereunder is the sum of the principal amount of the Purchaser's obligation hereunder plus interest, subject to prepayment as provided in Section 2.05. Interest shall accrue on the entire principal balance, whether or not disbursed, as set forth in the amortization schedule of Exhibit E hereto.

**DRAFT**

(c) Installment Payments of principal and interest shall be as set forth in the amortization schedule of Exhibit E hereto.

(1) The interest only period shall be in effect through \_\_\_\_\_ *[use date which is the date before the first principal payment date]*. The first principal payment shall be due \_\_\_\_\_ *[see amortization table]*.

(d) Commencing on the day following the end of the interest only period, the principal component of the Purchase Price shall be fully amortized over the remaining term of this Agreement. If any portion of the principal of the Purchase Price is prepaid in part pursuant to Section 2.05 hereof, the schedule of the principal payments shall be modified to reflect such partial prepayment.

(e) The obligation of the Purchaser to pay the Purchase Price by paying the Installment Payments and Additional Payments is, subject to Section 4.07, absolute and unconditional; and until such time as the Purchase Price shall have been paid in full (or provision for the payment thereof shall have been made as provided in Section 8.05), the Purchaser shall not discontinue or suspend any Installment Payments or Additional Payments required to be paid by it under this Agreement when due, whether or not the Project or any part thereof is operating or operable, or its use is suspended, interfered with, reduced, curtailed or terminated in whole or in part; and such payments shall not be subject to reduction whether by offset or otherwise and shall not be conditional upon the performance or nonperformance by any party to any agreement for any cause whatsoever.

**SECTION 2.04. Disbursement of Project Funds; Additional Payments.**

**DRAFT**

C.) All other project costs to the extent paid on or after February 11, 2011, or such later date permitted by the Federal Tax Reimbursement Regulations.

(b) The total cumulative amount of such disbursements shall not exceed the total principal amount of the Purchase Price.

(c) Purchaser must both: (1) begin Project construction no later than six months after July 26, 2011; and (2) submit invoices to the CIEDB for the entire amount of the Project Funds no later than [add the date]. Any installment of principal or interest that is not paid when due shall continue to accrue interest at the lesser of twelve percent (12%) per annum or the maximum rate permitted by law from and including the Interest Payment Date with respect to which such principal or interest is payable to but not including the date of actual payment.

(f) The Purchaser shall pay Additional Payments to the CIEDB as follows:

(1) A payment of the CIEDB Annual Fee on August 1 of each year during the term of this Agreement in an amount equal to three tenths of one percent (.3%) of the outstanding principal component of the remaining Installment Payments as set forth in Exhibit E; and

Extraordinary expenses and extraordinary costs are those expenses and costs related to this Agreement in excess of ordinary and customary expenses and costs incurred as part of the CIEDB Annual Fee pursuant to Section 2.04(f)(1). Such Additional Payments shall be billed by the CIEDB from time to time, together with a statement certifying that the amount so billed has been paid by, or will be paid by, the CIEDB for one or more of the items above described, or that such amount is then payable by the CIEDB for such items; and

(3) Purchaser shall deposit the CIEDB Annual Fee with the CIEDB not later than August 1 of each year and Purchaser shall pay to the CIEDB the amount billed pursuant to subsection (2) within thirty (30) days after mailing of the bill by the CIEDB. Any amounts not promptly paid shall accrue interest at the lesser of twelve percent (12%) per annum or the maximum rate permitted by law.

(g) A one-time sale origination fee in an amount equal to \$57,430 shall be due and payable by the Purchaser on or before the first disbursement.

(h) All payments hereunder shall be payable by the Purchaser in immediately available funds which constitute lawful money of the United States of America. Such payments shall be secured, and amounts for the payment thereof shall be deposited with the CIEDB as set forth in Article III.

(i) Upon receipt of a written request for disbursement, the CIEDB will disburse Project Funds to the Purchaser no more than once a month, in amounts of at least five thousand dollars (\$5,000) and only after specific compliance with Exhibit C conditions precedent and only after the Purchaser presents evidence that a Project cost has been incurred. All requests for payment shall be accompanied by information and documentation as may be required by the CIEDB to determine the amount of Project Funds to be disbursed. Any disbursement requests for costs of Purchaser employees shall include documentation, to the satisfaction of the CIEDB, that costs incurred are directly for the Project, are not billed to other sources, and are billed at hourly rates not to exceed Purchaser's actual costs of salary and benefits. In addition, all requests for payment shall be accompanied by a certification by the Purchaser that the Project Funds requested are for eligible costs, as defined in the Act, CIEDB guidelines and this Agreement, incurred in the amounts and for the purposes represented, and that the work or materials for which payment has been requested are satisfactory. The CIEDB will provide the Purchaser with a description of the documentation required for payment. Further, not more than ninety percent (90%) of each invoice payable from Project Funds designated for construction shall be disbursed until the CIEDB receives a recorded notice of completion for the Project or other evidence of completion satisfactory to the CIEDB and the Purchaser has met all conditions precedent to final disbursement set out in Exhibit C; provided however, if the Purchaser demonstrates to the satisfaction of the CIEDB that the Purchaser is obliged by law to make payments to certain construction contractors of one hundred percent (100%) of invoiced amounts or to establish a retention fund escrow pursuant to Public Contract Code section 22300 for final payment to certain contractors, so long as such requirement remains in full force and effect, and so long as no funds have been released thereunder, the CIEDB shall pay 100% of all invoices with the

**DRAFT**

exception of an amount equal to 10% of the Purchase Price to be retained by CIEDB until all conditions for final disbursement as set forth in Exhibit C have been completed.

(j) Each disbursement request shall specify one or more of the following for costs included in the disbursement request:

(1) Purchaser previously paid the costs and is requesting reimbursement;

(2) Purchaser will pay the costs directly upon receipt of funds from the CIEDB; or

(3) CIEDB is requested to pay the disbursement directly to the party owed the funds instead of Purchaser.

**SECTION 2.05. Prepayment and Reduction in Project Funds.**

(a) Purchaser may at any time request CIEDB's approval for Purchaser to prepay all or a portion of the principal component of the Purchase Price. A request for reduction in the Project Funds is a request for a prepayment. The CIEDB shall promptly respond to any such request, and shall make every effort to accommodate the request, subject to the restrictions of the Secured Bonds.

(b) Notwithstanding subsection (a), Purchaser shall be authorized to prepay all or a portion of the principal amount of Purchase Price, as follows: (i) If the prepayment date is on or after ten years after the Effective Date but prior to eleven years after the Effective Date, the prepayment amount shall be either one hundred two percent (102%) of the outstanding principal amount or one hundred percent (100%) of the outstanding principal amount of the Secured Bonds scheduled to be called for redemption as a result of Purchaser's prepayment plus accrued interest on the Secured Bonds to be redeemed from such prepayment as of the date scheduled for redemption (the "Redemption Amount"), whichever is greater; (ii) if the prepayment date is on or after eleven years after the Effective Date but prior to twelve years after the Effective Date, the prepayment amount shall be either one hundred one percent (101%) of the outstanding principal amount or the Redemption Amount, whichever is greater; and (iii) if the prepayment date is on or after twelve years after the Effective Date, the prepayment amount shall be one hundred percent (100%) of the outstanding principal amount of the Redemption Amount, whichever is greater. Purchaser shall notify the CIEDB at least sixty (60) days prior to the date fixed for any prepayment made pursuant to this subsection (b).

(c) Notwithstanding the prepayment provisions of this section, the Purchaser may, on any date, provide for the legal defeasance of the amount outstanding hereunder by providing amounts sufficient to pay, in full, the Purchase Price and Additional Payments when due, until the dates set forth in subsection (b).

(d) The Purchaser hereby covenants to notify the CIEDB at least forty-five (45) days before making any repayment or prepayment of this Agreement.

(a) The Purchaser may after the Effective Date issue or incur Parity Debt in such principal amount as shall be determined by the Purchaser subject to the requirements for additional obligations as set forth in all Parity Debt Instruments and the following specific conditions, which are hereby made conditions precedent to the issuance and delivery of such Parity Debt issued under this section, provided that to the extent that a Parity Debt Instrument conflicts with any of the requirements set forth in this Section 2.08, the more restrictive provision shall prevail:

(1) No Event of Default hereunder, under any other instrument secured by System Revenues shall have occurred and be continuing, and the Purchaser shall otherwise be in compliance with all covenants set forth in this Agreement; and

(2) Net System Revenues calculated on generally accepted accounting principles, and excluding any balances in any fund (other than the rate stabilization fund) at the beginning of the period of the computation, as shown by the books of the Purchaser for the latest Fiscal Year, or any more recent twelve month period selected by the Purchaser ending not more than sixty (60) days prior to the adoption of the resolution pursuant to which instrument such Parity Debt is issued or incurred, as shown by the books of the Purchaser, plus, at the option of the Purchaser, either or both of the items below designated in subsections (b)(1) and (b)(2), shall have amounted to at least 1.20 times the Maximum Annual Debt Service taking into consideration the maximum annual debt service payable in any Fiscal Year on the proposed Parity Debt, as set forth in the Report of an Independent Accountant or Independent Consultant delivered to the CIEDB.

(b) Either or both of the following items may be added to Net System Revenues for the purpose of applying the restriction contained in subsection (a)(2) above:

(1) An allowance for increased System Revenues from any additions to or improvements or extensions of the System to be made with the proceeds of such Parity Debt, and also for System Revenues from any such additions, improvements, or extensions which have been made from moneys from any source but which, during all or any part of such Fiscal Year or any more recent twelve month period, were not in service, all in an amount equal to ninety percent (90%) of the estimated additional average annual System Revenues to be derived from such additions, improvements, and extensions for the first thirty-six (36) month period following closing of the proposed Parity Debt, all as shown in the Report of an Independent Accountant or Independent Consultant delivered to the CIEDB; and/or

(2) An allowance for increased System Revenues arising from any increase in the charges made for service from the System which has become effective prior to the incurring of such Parity Debt but which, during all or any part of such Fiscal Year or any more

recent twelve month period, was not in effect in an amount equal to one hundred percent (100%) of the amount by which System Revenues would have been increased if such increase to charges had been in effect during the whole of such time period and any period prior to the incurring of such Parity Debt, as shown in the Report of an Independent Accountant or Independent Consultant delivered to the CIEDB.

(c) For purposes of making the calculations set forth in subsection (a)(2):

(1) If any Parity Debt includes capital appreciation bonds, then the accreted value payment thereof shall be deemed a principal payment and interest that is compounded and paid as accreted value shall be deemed due on the scheduled redemption or payment date of such capital appreciation bond;

(2) If any Parity Debt includes interest payable pursuant to a variable interest rate formula, the variable interest rate portion of such Parity Debt for periods when the actual interest rate cannot yet be determined, shall be assumed to be the maximum interest rate under the Parity Debt.

(d) The Purchaser shall deliver to the CIEDB prior to the incurrence of such Parity Debt a copy of the proposed Parity Debt Instrument and Certificate of the Purchaser certifying that the conditions precedent to the issuance of such Parity Debt set forth in subsections (a) and (b) above have been satisfied and, as applicable, the Report required by subsections (a) and (b) above have been delivered.

SECTION 2.10. Purchaser's Payment of Project Costs.

The Purchaser agrees to pay any and all costs connected with the Project, including, without limitation, any and all Project costs as defined in the Act exceeding the CIEDB approved amount, and the Purchaser shall not be relieved of its obligation even if the CIEDB reduces the Purchase Price pursuant to any provision hereunder.

SECTION 2.11. Validity of Agreement.

The validity of this Agreement shall not be dependent upon the completion of the Project or upon the performance by any person of his or her obligation with respect to the Project.

SECTION 2.12. Project Description.

The Project shall be known as the Denniston Creek Water Treatment Plant Improvements Project. The Project and Facility are more particularly described in Exhibit D hereto.

SECTION 2.13. Reasonable Cost of Eligible Project.

**SECTION 2.14. Withholding of Project Funds.**

(a) The CIEDB may withhold all or any portion of the Project Funds in the event that:

(1) The Purchaser has substantially violated any of the terms, provisions, conditions or commitments of this Agreement, or if an Event of Default has occurred; or

(2) The Purchaser is unable to demonstrate, to the satisfaction of the CIEDB, the ability to complete the Project or to maintain adequate progress toward completion thereof.

(b) In the event that Project Funds are withheld from the Purchaser, the CIEDB shall notify the Purchaser of the reasons and advise the Purchaser that the Purchaser has thirty (30) days in which to remedy the failure or violation.

(c) If Project Funds are withheld pursuant to this section, the Purchaser remains obligated to repay the entire amount of the Purchase Price but to the extent applicable, the Purchaser may request that the withheld amount be applied as a prepayment pursuant to Section 2.05.

**SECTION 2.15. Reserved.**

**ARTICLE III**

**SECTION 3.01. Pledge of Net System Revenues.**

The Installment Payments and Additional Payments and all Parity Debt shall be equally secured by a pledge of and lien on all of the Net System Revenues and all amounts in the Enterprise Fund, without preference or priority for series, issue, number, dated date, sale date, date of execution or date of delivery, subject and subordinate solely to the Senior Debt. The Net System Revenues and all amounts in the Enterprise Fund are hereby pledged in their entirety to the payment of Installment Payments and Additional Payments. SECTION 4.08. Pledge and Lien. The pledge of the Net System Revenues and amounts in the Enterprise Fund constitute a valid pledge of and a lien on all of the Net System Revenues, subject only to the prior lien of the Senior Debt.

SECTION 4.09. Information Submitted to the CIEDB. The information relating to the Purchaser and its System submitted by the Purchaser to the CIEDB, including, but not limited to, all information in the application for Project Funds was true at the time submitted to CIEDB and, as of the Effective Date, remains true and correct in all material respects; and such information did not and does not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which they were made.

SECTION 4.13. Project Completion.

**DRAFT**

(b) The Purchaser, upon completion of the Project, will have good and valid title to the Project sufficient to carry out the purposes of this Agreement.

**AFFIRMATIVE COVENANTS OF THE PURCHASER**

**SECTION 5.01. Punctual Payment.** The Purchaser will punctually pay, or cause to be paid, all payments required hereunder in strict conformity with the terms of this Agreement, and it will faithfully observe and perform all of the conditions, covenants and requirements of this Agreement.

**SECTION 5.02. Payment of Claims.** The Purchaser from time to time will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or supplies, which, if unpaid, might become liens or charges upon the properties owned by the Purchaser, including the System, or upon the System Revenues or any part thereof, or upon any funds in the hands of the CIEDB, or which might impair the security for the payment of the Installment Payments or Additional Payments. Nothing herein contained shall require the Purchaser to make any such payment so long as the Purchaser in good faith shall contest the validity of said claims.

**SECTION 5.03. Books and Accounts; Financial Statements.**

(a) The Purchaser will keep proper books of record and accounts in which complete and correct entries shall be made of all transactions relating to the System Revenues. Such books of record and accounts shall at all times during business hours be subject to the inspection of the CIEDB or its designee.

**DRAFT**

To the extent that any continuing disclosure certificates provide the information required in subsections (b) through (e), the Purchaser may submit a copy of the continuing disclosure certificate instead of providing separate statements setting forth the required information.

(b) The Purchaser will prepare and file with the CIEDB annually as soon as practicable, but in any event not later than two hundred ten (210) days after the close of each Fiscal Year, so long as this Agreement has not been discharged by the CIEDB, an audited financial statement of the Purchaser relating to the System Revenues and Enterprise Fund for the preceding Fiscal Year, prepared by an Independent Accountant; provided, however, that in the event that such audited financial statement is not available by the above-referenced filing date, an unaudited financial statement may be substituted therefore. In the event an unaudited financial statement is submitted, the Purchaser shall file the audited financial statement with the CIEDB as soon as it becomes available. The Purchaser will furnish to the CIEDB such reasonable number of copies of such audited financial statements as may be required by the CIEDB for distribution (at the expense of the Purchaser).

(c) Simultaneously with the delivery of the annual financial statements, the Purchaser will deliver to the CIEDB a Certificate of the Purchaser stating the following:

- (1) The number of System users as of the end of the Fiscal Year;
- (2) Calculation of the coverage ratios described in Section 5.06 and a certification that adopted rates and charges comply with the requirements of that section;

- (4) Any significant System facility retirements or expansions planned or undertaken since the last reporting date;
- (5) Notification of any Parity Debt or Subordinate Debt incurred since the last reporting date and certification that there has been no default or noncompliance under any obligation secured by System Revenues;
- (6) Certification that no Event of Default has occurred and no event has occurred which, with the passing of time or the giving of notice or of both, would constitute an Event of Default;
- (7) Certification that the Purchaser is in compliance with the Tax Certificate, as set forth in Exhibit G, as well as the Tax Covenant set forth in Section 5.07;
- (8) Notification of any other event or circumstance that would materially affect completion of the Project and/or payment of the Purchase Price; and
- (9) Such other information as may be reasonably required.

**DRAFT**

(d) The Purchaser shall, upon request, furnish to the CIEDB, in a format provided by the CIEDB, information concerning employment and other public benefits connected to the Project.

(e) The Purchaser shall notify the CIEDB forthwith upon the filing of a stop notice, litigation or any other legal proceeding which may impact the completion of the Project.

SECTION 5.04. Protection of Security and Rights. The Purchaser will preserve and protect the security for payment of the Installment Payments, Additional Payments and the rights of the CIEDB. From and after the Effective Date, the Agreement shall be incontestable by the Purchaser.

SECTION 5.05. Payments of Taxes and Other Charges. The Purchaser will pay and discharge, or cause to be paid and discharged, all taxes, service charges, assessments and other governmental charges, or charges in lieu thereof, which may hereafter be lawfully imposed upon the Purchaser, the System or the System Revenue when the same shall become due. Nothing herein contained shall require the Purchaser to make any such payment so long as the Purchaser in good faith shall contest the validity of said taxes, assessments or charges. The Purchaser will duly observe and conform to all valid requirements of any governmental authority relative to the System or any part thereof.

SECTION 5.06. Maintenance of System Revenues.

(a) The Purchaser will fix, charge and collect, or cause to be fixed, charged and collected, in each Fiscal Year, such rates and charges for the use of and for the service furnished by the System so that Net System Revenues are in an amount which will be sufficient to be at least equal to one hundred twenty percent (120%) of annual Debt Service for such fiscal year.

(b) If for any reason Net System Revenues prove insufficient to comply with the requirements of subsection (a), the Purchaser agrees to increase System Revenues through increased rents, rates, fees, charges, and/or assessments not later than one hundred eighty (180) days following the date on which Net System Revenues fail to meet those requirements. The Purchaser may make adjustments from time to time in such rents, rates, fees and charges and may make such classification thereof as it deems necessary, but shall not reduce the rents, rates, fees, and charges then in effect unless the Net System Revenues from such reduced rents, rates, fees and charges will at all times be sufficient to meet the requirements of this section.

SECTION 5.07. Tax Covenant. The Purchaser recognizes that the Project Funds may consist of proceeds of a tax-exempt financing program. In order to maintain the tax-exempt status of the financing, the Purchaser will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Proceeds Bonds, and the Purchaser specifically agrees to comply with all terms and conditions contained in the Tax Certificate and to provide annual certification of its compliance with the Tax Certificate.

**DRAFT**

The provisions of this Section 5.07 shall survive the discharge of the Purchaser's obligations hereunder and shall apply to any trustee or other successor or assignee described in Section 8.02.

SECTION 5.08. Operation of System. The Purchaser will, so long as any portion of the Purchase Price is unpaid, maintain and operate the System in good condition, repair and working order, and will operate the System in an efficient and economical manner, and will pay all Operations and Maintenance Costs as they become due and payable. The Purchaser shall ensure that all activities undertaken by the Purchaser with respect to the operation of the System are undertaken and accomplished in conformity with all applicable requirements of law.

SECTION 5.09. Assumption of Agreement. The obligations of the Purchaser under this Agreement may not be assumed by another entity except in connection with a transfer of the entire System by the Purchaser and only upon prior written approval of the CIEDB and receipt by the CIEDB of:

(1) an opinion of counsel experienced in matters relating to the tax-exempt status of interest on any obligations secured by this Agreement, and approved by the CIEDB, to the effect that such transfer would not cause interest on the obligations to be included in gross income for federal income tax purposes;

(2) a Report signed by an Independent Consultant or Independent Certified Accountant concluding that such transfer would not materially adversely affect the security for the Installment Payments, Additional Payments or the rights of the CIEDB; and

(3) evidence satisfactory to the CIEDB that the entity assuming the Purchaser's obligation hereunder is eligible pursuant to the Act.

SECTION 5.10. Completion of Project; Construction Contracts.

(a) The Purchaser shall ensure that all activities undertaken with respect to the completion of the Project are undertaken and accomplished with due diligence and in conformity with all requirements of the Act and other applicable law.

(b) All construction contracts and subcontracts necessary for the Project construction have been awarded, and were awarded pursuant to competitive bidding and Purchaser procedures normally required for similar construction projects.

(c) The Purchaser shall notify the CIEDB forthwith upon the filing of a stop notice, litigation or any other legal proceeding which may impact the completion of the Project.

SECTION 5.11. Proceeds Bonds.

Purchaser understands and agrees that CIEDB intends to issue Proceeds Bonds subsequent to the Effective Date of this Agreement, and that one requirement of the Proceeds Bonds will be the reissuance of an agreement to take the place of this Agreement. So long as the terms of the subsequent agreement are substantially identical to this Agreement, Purchaser agrees to execute the new documents and provide related certifications in a timely manner.

**DRAFT****SECTION 5.12. Further Assurances.**

The Purchaser will adopt, make, execute and deliver any and all such further resolutions, instruments and assurances as may be reasonably required by the CIEDB as necessary or proper to carry out the intention or to facilitate the performance of this Agreement and for the better assuring and confirming unto the CIEDB of the rights and benefits provided in this Agreement.

**SECTION 5.13. Agreement to Complete.**

(a) The Purchaser agrees that it will acquire, construct or install the Project, and construct, acquire and install other facilities and real and personal property deemed by the Purchaser necessary for the operation of the Project. The Purchaser may supplement or amend the Project description with written approval from the CIEDB from time to time, provided that no such supplement or amendment shall cause the Project or any portion thereof to fail to constitute a “project” within the meaning of the Act.

(b) At any time, upon request of the CIEDB, the Purchaser agrees to make available to the CIEDB for review and copying all then current plans and specifications for the Project. The Purchaser may identify any proprietary information in such plans and specifications and, to the extent legally permissible, the CIEDB agrees to keep such information confidential.

(c) As soon as the Project is completed, the Purchaser shall evidence such completion by providing a certificate to the CIEDB stating that (i) construction of the Project has been completed substantially in accordance with the final plans and specifications therefor and all labor, services, materials and supplies used in construction have been paid for, and (ii) all other facilities necessary in connection with the Project have been constructed, acquired and installed in accordance with the final plans and specifications therefor and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights of the Purchaser against third parties for the payment of any amount not then due and payable which exist at the date of such certificate or which may subsequently exist.

**SECTION 5.14. Collection of Rates, Fees and Charges.** The Purchaser will have in effect at all times rules and regulations requiring each user of the System to pay the rates, fees and charges applicable to the services provided by the System to each user. The Purchaser will not permit any part of the System or any facility thereof to be used or taken advantage of free of charge by any corporation, firm or person, or by any public agency (including the United States of America, the State and any city, county, district, political subdivision, public corporation or agency of any thereof); provided, that the Purchaser may without charge use the services provided by the System.

**SECTION 5.15. Purchaser’s General Responsibility.** The Purchaser is solely responsible for the design, construction, operation and maintenance of the Project. Any review or approval of plans, specifications, bid documents or other construction documents by the CIEDB is solely for the purpose of proper administration of Project Funds by the CIEDB and

**DRAFT**

shall not be deemed to relieve or restrict the Purchaser's responsibility or result in any duty, obligation or responsibility on the part of the CIEDB or the officers and agents thereof.

**SECTION 5.16. Purchaser's Assurances and Commitments.**

(a) Compliance with Laws and Regulations.

The Purchaser shall at all times comply and require its contractors and subcontractors to comply with all applicable federal and State laws, rules and regulations, and all applicable local ordinances, specifically including, but not limited to, prevailing wage, environmental, procurement and safety laws, rules, regulations, and ordinances. Purchaser agrees that its failure to act in accordance with the provisions of this subsection (a) will not result in any duty, obligation or responsibility on the part of the CIEDB or the officers and agents thereof.

(b) Archeological or Historical Resources.

Should a potential archeological or historical resource be discovered during construction, the Purchaser agrees that all work in the area of the find will cease until a qualified archeologist has evaluated the situation and the Purchaser has determined appropriate actions regarding preservation of the resource.

(c) Construction Activities.

The Purchaser shall assure that adequate supervision and inspection of Project construction activities are maintained. The CIEDB reserves the right to conduct an audit of Purchaser's construction expenditures during construction and for up to three years following receipt by CIEDB of notice of completion or other evidence of completion satisfactory to CIEDB. The CIEDB, at its discretion, may require the Purchaser to conduct an interim and/or a final audit at the Purchaser's expense, such audit to be conducted by and a report prepared by an Independent Accountant.

**SECTION 5.17. SECTION 6.01. Limitation on Additional Obligations; No New Senior Debt. The Purchaser hereby covenants that, until the Purchase Price has been paid in full and this Agreement has been discharged pursuant to Section 8.05, the Purchaser shall not after the date of this Agreement issue any bonds, notes or other obligations, enter into any agreement or otherwise incur any loans, advances or obligations, which are in any case secured by a lien on all or any part of Net System Revenues that is senior to or on a parity with the lien established hereunder for the security for the payment of the Installment Payments and Additional Payments, excepting only Parity Debt meeting the requirements of Section 2.08 herein.

SECTION 6.02. Disposition of Property. The Purchaser will not authorize the disposition of real or personal property constituting more than ten percent (10%) of the value of the System unless the Purchaser first obtains a Report, and provides a copy to the CIEDB, of an Independent Consultant concluding that such disposition will not substantially adversely affect the security for the payment of the Installment Payments and Additional Payments. The Purchaser shall not dispose of any portion of the Project while the Purchase Price is unpaid except for property that is not operating or is worn out and for the dedication of public streets and public and private utility easements.

SECTION 6.03. Nondiscrimination.

The Purchaser, any contractor and its subcontractor shall insure that the evaluation and treatment of employees and applicants for employment are free of such discrimination.

(b) The Purchaser, any contractor and its subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code section 12900 et seq.),

**DRAFT**

the regulations promulgated thereunder (Title 2, California Code of Regulations, section 7285.0 et seq.), the provisions of Article 9.5, Chapter 1, part 1, Division 3, Title 2 of the Government Code (sections 11135-11139.5) and any regulations promulgated thereunder.

(c) The Purchaser, any contractor and its subcontractors shall not knowingly give preferential treatment of any kind whatsoever in connection with any business transaction related to the construction or operation of the Project to any of its affiliates or to any business enterprise in which Purchaser has any financial interest, but in such business transactions shall deal at all times with such affiliates and enterprises on the same basis as though Purchaser were dealing with any other parties.

(d) The Purchaser, any contractor and its subcontractors shall, with respect to the Project described herein, give written notice of their obligations under this section to labor organizations representing employees of the Purchaser and any contractor or subcontractor performing construction on the Project which have a collective bargaining or other contract with the Purchaser, such contractor or subcontractor.

(e) The Purchaser, any contractor and its subcontractors shall include provisions meeting the requirements of this section in all subcontracts to perform work under this Agreement or any contract contemplated hereby.

**ARTICLE VII****EVENTS OF DEFAULT AND REMEDIES****SECTION 7.01. Events of Default and Acceleration.**

(a) Each of the following events shall constitute an Event of Default hereunder:

(1) Failure by the Purchaser to pay any Installment Payment or interest or prepayment premium (if any) or any Additional Payment pursuant to Section 3.03(a) when and as the same shall become due and payable;

(2) Failure by the Purchaser to observe and perform any of the covenants, agreements or conditions on its part contained in this Agreement, other than as referred to in the preceding subsection (1), for a period of sixty (60) days after written notice has been given to the Purchaser by the CIEDB, or to the Purchaser and the CIEDB, specifying such failure and requesting that such failure be remedied; provided, however, that if the failure stated in such notice can be corrected, but not within such sixty (60) day period, the CIEDB may consent to an extension of such time if corrective action is instituted by the Purchaser within such sixty (60) day period and diligently pursued until such failure is corrected;

(3) The filing by the Purchaser of a petition or answer seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America, or if a court of competent jurisdiction shall approve a petition, filed with or without the consent of the Purchaser, seeking reorganization under the federal bankruptcy laws or any other applicable law of the United States of America, or if, under the

**DRAFT**

provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the Purchaser or of the whole or any substantial part of its property;

(4) Any representation or other written statement made by the Purchaser contained in this Agreement, the application for financing or in any instrument furnished in compliance with or in reference thereto shall prove to have been incorrect in any material respect;

(5) An unexcused failure by the Purchaser to pay amounts due under any bond, note, installment sale agreement, capital lease or other agreement or instrument to which it is a party relating to the borrowing of money, if such unpaid amount shall exceed fifty thousand dollars (\$50,000); or

(6) The occurrence of an event of default with respect to any Senior Debt, any Parity Debt, or any Subordinate Debt which causes all principal of such Senior Debt, Parity Debt, or Subordinate Debt to become due and payable immediately.

(b) If an Event of Default has occurred and is continuing, the CIEDB may (i) declare the principal of the Purchase Price, together with the accrued interest on all unpaid installments thereof, to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable, anything in this Agreement to the contrary notwithstanding, and (ii) exercise any other remedies available to the CIEDB in law or at equity. Immediately upon becoming aware of the occurrence of an Event of Default, the CIEDB shall give notice of such Event of Default to the Purchaser by telephone, telecopier, facsimile or other telecommunication device, promptly confirmed in writing. This provision, however, is subject to the condition that if, at any time after the principal of the Purchase Price shall have been so declared due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered, the Purchaser shall deposit with the CIEDB a sum sufficient to pay all installments of principal of the Purchase Price due prior to such declaration and all accrued interest thereon, with interest on such overdue Installment Payments at the rate of the lesser of twelve percent (12%) per annum or the maximum rate permitted by law, and the reasonable expenses of the CIEDB (including but not limited to attorneys fees and costs), and any and all other defaults known to the CIEDB (other than in the payment of principal of and interest on the Purchase Price due and payable solely by reason of such declaration), including the payment of Additional Payments due and owing, shall have been made good or cured to the satisfaction of the CIEDB or provision deemed by the CIEDB to be adequate shall have been made therefor, then, and in every such case, the CIEDB may, by written notice to the Purchaser, rescind and annul such declaration and its consequences. However, no such rescission and annulment shall extend to or shall affect any subsequent default, or shall impair or exhaust any right or power consequent thereon.

**SECTION 7.02. Remedies.** Upon the occurrence of an Event of Default the CIEDB shall have the following rights, in addition to its rights under Section 7.01:

(a) By mandamus or other action or proceeding or suit at law or in equity to enforce its rights against the Purchaser or any member, officer or employee thereof, and to

**DRAFT**

compel the Purchaser or any such member, officer or employee to perform and carry out its or his duties under law and the agreements and covenants required to be performed by it or him contained herein;

(b) By suit in equity to enjoin any acts or things which are unlawful or violate the rights of the CIEDB; or

(c) By suit in equity to require the Purchasers and its members, officers and employees to account as the trustee of an express trust.

**SECTION 7.03. Application of Funds upon Default.** All amounts received by the CIEDB pursuant to any right given or action taken by the CIEDB under provisions of this Agreement, or otherwise held by the CIEDB upon the occurrence of an Event of Default, shall be applied by the CIEDB in the following order:

(a) First, to the payment of the costs and expenses of the CIEDB, including reasonable compensation to their agents and attorneys, including CIEDB employees, as set forth in Section 2.04(f)(2); and

(b) Second, to the payment of the whole amount of Installment Payments then due and unpaid, with interest on overdue Installment Payments at the rate of the lesser of twelve percent (12%) per annum or the maximum rate permitted by law; provided, however, that in the event such amounts shall be insufficient to pay in full the amount of such Installment Payments, then such amounts shall be applied in the following order of priority:

(1) First, to the payment of all installments of interest on the Purchase Price then due and unpaid, on a pro rata basis in the event that the available amounts are insufficient to pay all such interest in full;

(2) Second, to the payment of principal of all installments of the Purchase Price then due and unpaid, other than principal having come due and payable solely by reason of acceleration pursuant to Section 7.01, on a pro rata basis in the event that the available amounts are insufficient to pay all such principal in full;

(3) Third, to the payment of principal of the Purchase Price then due and unpaid and having come due and payable solely by reason of acceleration pursuant to Section 7.01, on a pro rata basis in the event that the available amounts are insufficient to pay all such principal in full; and

(c) Third, to the payment to the CIEDB of other Additional Payments as described in Section 2.04(f)(1).

**SECTION 7.04. No Waiver.** Nothing in this Article VII or in any other provision of this Agreement shall affect or impair the obligation of the Purchaser, which is absolute and unconditional, to pay from the Net System Revenues and other amounts pledged hereunder, all payments due hereunder, or affect or impair the right of action, which is also absolute and unconditional, of the CIEDB to institute suit to enforce such payment by virtue of the contract embodied in this Agreement.

**DRAFT**

A waiver of any default by the CIEDB shall not affect any subsequent default or impair any rights or remedies on the subsequent default. No delay or omission of the CIEDB to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the CIEDB by this Article VII may be enforced and exercised from time to time and as often as shall be deemed expedient by the CIEDB.

If a suit, action or proceeding to enforce any right or exercise any remedy shall be abandoned or determined adversely to the CIEDB, the Purchaser and the CIEDB shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

SECTION 7.05. Remedies Not Exclusive. No remedy herein conferred upon or reserved to the CIEDB is intended to be exclusive of any other remedy. Every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise, and may be exercised without exhausting and without regard to any other remedy conferred by law.

**ARTICLE VIII****MISCELLANEOUS**

SECTION 8.01. Venue. The CIEDB and the Purchaser hereby agree that any action arising out of this Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California.

### TAX CERTIFICATE

This Tax Certificate is executed and delivered by the Coastside County Water District (the “Purchaser”) in connection with the Enterprise Fund Installment Sale Agreement between the Purchaser and the California Infrastructure and Economic Development Bank (the “Seller”), dated as of add date of agreement (the “Obligation”) in the amount of \$6,756,500. The Purchaser certifies, covenants, warrants and represents as follows:

#### ARTICLE I.

#### IN GENERAL

##### 1.1 The Purchaser.

The Purchaser is a county water district duly organized and existing under the laws of the State of California.

##### 1.2 Purpose of Tax Certificate.

The Seller has issued bonds (the “Bonds”) that will be used to fund the Obligation. The Purchaser is delivering this Tax Certificate to the Seller with the understanding that the Seller will rely in part upon this Tax Certificate in obtaining an opinion from bond counsel that interest on the Bonds is excluded from gross income for federal income tax purposes under section 103 of the Code (as defined below).

##### 1.3 Purpose of Financing.

The Obligation is being issued to finance the Denniston Creek Water Treatment Plant Improvements Project on the Purchaser’s property (the “Project”), as described in more detail in the application of the Purchaser to the CIEDB, dated June 20, 2011, including amendments thereto and in Exhibit D of the Obligation.

##### 1.4 Definitions.

Unless the context otherwise requires, the following capitalized terms have the following meanings:

“*Code*” means the Internal Revenue Code of 1986 (including amendments thereto).

“*Current Revenues*” has the meaning given thereto in Section 2.7 hereof.

“*Governmental Unit*” means any state, or political subdivision of a state, but excludes the United States and its agencies or instrumentalities.

“*Investment Property*” means any security or obligation, any annuity contract, or any other investment-type property, but does not include any Tax-Exempt Bond unless

such obligation is a “specified private activity bond” within the meaning of section 57(a)(5)(C) of the Code.

“*Nongovernmental Person*” means any person or entity other than a Governmental Unit.

“*Payment Account*” has the meaning given thereto in Section 2.7 hereof.

“*Preliminary Expenditures*” means architectural, engineering, surveying, soil testing, legal, and similar costs paid with respect to the Project in an aggregate amount not exceeding twenty percent (20%) of the Obligation. However, Preliminary Expenditures do not include land acquisition, site preparation or similar costs incident to the commencement of construction.

## ARTICLE II.

### TAX LIMITATIONS

#### 2.1 Expenditure of Proceeds.

Proceeds of the Obligation shall be used exclusively for the following purposes: (i) architectural, engineering, surveying, soil testing, and similar costs paid with respect to the Project paid prior to February 12, 2011 and in an aggregate amount not exceeding twenty percent (20%) of the Obligation; (ii) capital expenditures originally paid by the Purchaser on or after February 12, 2011 (iii) interest on the Obligation through the later of three years after the date hereof or one year after the Project is placed in service, and (iv) initial operating expenses directly associated with the Project (in aggregate amount not exceeding five percent (5%) of the amount of the Obligation).

On April 12, 2011, the Purchaser adopted a resolution stating its official intent to be reimbursed from the proceeds of a borrowing to finance costs of the Project (the "Reimbursement Resolution"). Absent written agreement by the Seller, all expenditures of proceeds of the Obligation will be made in respect of (a) Preliminary Expenditures, (b) capital expenditures reimbursed in respect of payments made by the Purchaser on or after the date which is sixty (60) days prior to the date on which the Reimbursement Resolution was adopted, or (c) other capital expenditures or related expenditures, as described in the first sentence of this Section 2.1, originally paid by the Purchaser on or after the date hereof. In connection with all expenditures described in (b), the reimbursement allocation will be made no later than the later of eighteen (18) months after the date hereof or the date on which the Project is placed in service, but in no event later than three years after the date of expenditure.

## 2.2 Governmental Bond Status.

The Purchaser will not loan any of the proceeds of the Obligation to one or more Nongovernmental Persons. The Purchaser will not allow more than five percent (5%) of proceeds of the Obligation or more than five percent (5%) of the Project to be used directly or indirectly by any Nongovernmental Person, other than as a member of the general public. In addition, a Nongovernmental Person will be treated as “using” proceeds of the Obligation to the extent the Nonexempt Person:

- (i) Borrows proceeds of the Obligation, or
- (ii) Uses the Project (e.g., as owner, lessee, service provider, operator or manager).

## 2.3 Change in Use.

The Purchaser reasonably expects to use all proceeds of the Obligation and all of the Project as set forth in Section 2.1 for the entire stated term to maturity of the Obligation. Absent written agreement by the Seller, the Purchaser in fact will use all proceeds of the Obligation and all of the Project as set forth in Section 2.1.

## 2.4 Federal Guarantee.

The Purchaser will not directly or indirectly use or permit the use of any proceeds of the Obligation or take or omit to take any action that would cause the Bonds to be obligations that are “federally guaranteed” within the meaning of section 149(b) of the Code. In furtherance of this covenant, the Purchaser will not allow the payment of principal or interest with respect to the Obligation to be guaranteed (directly or indirectly) in whole or in part by the United States or any agency or instrumentality thereof. The Purchaser will not use five percent (5%) or more of the proceeds of the Obligation to make or finance loans the payment of principal or interest with respect to which is guaranteed in whole or in part by the United States or any agency or instrumentality thereof.

## 2.5 No Refunding.

Proceeds of the Obligation will not be used directly or indirectly to make principal, interest or premium payments with respect to any tax-exempt obligation.

## 2.6 No Hedge Bonds.

The Purchaser reasonably expects that more than eighty-five percent (85%) of proceeds of the Obligation will be expended for the purposes of the Obligation within three years.

## 2.7 Installment Payments.

“Payment Account” means the funds or accounts (or any portions of any funds or accounts) that will hold monies that are expected by the Purchaser to be used to pay debt service

on the Obligation. "Current Revenues" means revenues which are both received by the Purchaser and utilized for the payment of debt service on the Obligation within a six month period. All amounts used to fund the Payment Account will be deemed to have been made from the Payment Account by using a last-in, first-out accounting method. Purchaser agrees that the amounts used to pay debt service shall be both received by the Purchaser and utilized for the payment of debt service on the Obligation within a thirty (30) day period. The Payment Account will be used primarily to achieve a proper matching of revenues and debt service within each year; a matching of revenues means that revenue and debt service come in and go out at approximately the same level and the Payment Account is cleared out to a very low balance at least one time during the year. Current Revenues in the Payment Account may be invested without regard to yield so long as Purchaser complies with this section.

#### 2.8 No Other Replacement Proceeds.

The Purchaser will not use any proceeds of the Obligation to replace funds of the Purchaser which are or will be used to acquire Investment Property reasonably expected to produce a yield that is materially higher than the yield on the Obligation.

#### 2.9 No Expected Sale.

It is not expected that the Project or any part thereof will be sold or otherwise disposed of so long as the Obligation is outstanding.

#### 2.10 Tax Covenant.

The Purchaser will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Bonds pursuant to section 103 of the Code and specifically (i) the Purchaser will not directly or indirectly use or make any use of the proceeds of the Bonds or any other funds of the Purchaser or take or omit to take any action that would cause the Bonds or to be "arbitrage bonds" subject to federal income taxation by reason of section 148 of the Code or obligations subject to federal income taxation because they are "federally guaranteed" as provided in section 149(b) of the Code, as applicable; and (ii) to that end the Purchaser, with respect to the proceeds of the Bonds will comply with all requirements of such sections of the Code to the extent that such requirements are, at the time, applicable and in effect; provided, that if the Purchaser shall obtain an Opinion of Counsel nationally recognized in the area of the exemption of interest from gross income under of the Code to the effect that any action required under this Section is no longer required, or to the effect that some further action is required, to maintain the exclusion from gross income of the interest evidenced and represented by the Bonds pursuant to section 103 of the Code, as applicable, the Purchaser may rely conclusively on such opinion in complying with the provisions hereof.

#### 2.11 Private Use.

No more than five percent (5%) of the Project (determined both on the basis of space and cost) shall be used for private use. Private use includes use in the trade or business of any nongovernmental persons, but does not include the portion of the proceeds properly

allocable to facilities expected to be used by an organization described in section 501(c)(3) of the Code in a manner that does not constitute an unrelated trade or business of such organization, as defined in section 513(a) of the Code. For purposes of this section, the federal government is considered a nongovernmental person.

(a) For purposes of this section, private use shall include any contract for the management or operation of any portion of the Project unless each of the following conditions is met: (i) the term of such contract (including renewal options) does not exceed five years; (ii) the manager or operator under such contract is not compensated on the basis of a share of net profits; (iii) the compensation of the manager or operator is reasonable; (iv) the Purchaser must be able to cancel such contract without penalty or cause at the end of the third year of the contract; and (v) neither the Purchaser nor the manager or operator may control more than twenty percent (20%) of the voting power of the other's governing board; and

(b) The service provider's compensation for management or operation services rendered must be pursuant to one of the following four methods: (i) at least fifty percent (50%) of annual compensation is based on a periodic fixed fee; (ii) the compensation is based on a capitation fee or a combination of a capitation fee and a periodic fixed fee; (iii) in the case of certain contracts with a term not longer than three years, the compensation is based on a per-unit fee or a combination of a per-unit fee and periodic fixed fee and the contract is cancelable after two years; and (iv) in the case of certain contracts with a term not longer than two years, the compensation is based on a percentage of fees charged and the contract is cancelable after one year.

(c) The term "renewal option" as used in this Section, means a provision under which the service provider has a legally enforceable right to renew the contract. Thus, for example, a provision under which a contract is automatically renewed for one year periods absent cancellation by either party is not a renewal option (even if it is expected to be renewed).

**ARTICLE III.****OTHER MATTERS**3.1 Expectations.

The undersigned is an authorized representative of the Purchaser acting for and on behalf of the Purchaser in executing this Tax Certificate. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change the expectations as set forth herein, and said expectations are reasonable.

3.2 Amendments.

Notwithstanding any other provision of this Tax Certificate, the Purchaser may amend this Tax Certificate and thereby alter any actions allowed or required by this Tax Certificate if such amendment is signed by an authorized officer and is supported by formal written agreement by the CIEDB.

3.3 Survival of Defeasance.

Notwithstanding any provision in this Tax Certificate to the contrary, the obligation to comply with all requirements contained in this Tax Certificate shall survive defeasance or prepayment of the Obligation.

RE: Enterprise Fund Installment Sale Agreement, By and Between Coastside County Water District, as Purchaser and the California Infrastructure and Economic Development Bank, as Seller, Dated as of *[add agreement date]*, Agreement No. CIEDB 11-099 in the amount not to exceed \$6,756,500 for the Denniston Creek Water Treatment Plant Improvements Project

Ladies and Gentlemen:

In my capacity as counsel to the Coastside County Water District (the "Public Agency") and in connection with the above described Enterprise Fund Installment Sale Agreement (the "Agreement"), I have examined the laws pertaining to the Public Agency; the original of the Agreement, signed by the Public Agency; the Public Agency's resolution adopted April 12, 2011 (the "Resolution"); and such other information and documents as I considered necessary to render this opinion. All capitalized terms used but not otherwise defined herein shall have the same meaning given them in the Agreement.

Based upon the foregoing, it is my opinion that:

(i) The Public Agency is a public agency, specifically a county water district formed pursuant to the County Water District Law (California Water Code Section 30000 et seq.) and duly organized and validly existing pursuant to the laws of the State of California;

(ii) The Resolution and other actions of the Public Agency approving and authorizing the execution and delivery of the Agreement were duly adopted at a meeting of the governing body of the Public Agency which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout;

(iii) The water revenues have been duly adopted and imposed by the Public Agency; the Public Agency's pledge of the moneys in the Enterprise Fund is valid and binding on the Public

Agency; and that the lien on the Net System Revenues and the Enterprise Fund granted in the Agreement is valid and binding on the Public Agency;

(iv) The Public Agency has full right and lawful authority to execute and deliver the Agreement and the Agreement has been duly authorized and executed on behalf of the Public Agency and the Agreement is the legal, valid and binding obligation of the Public Agency enforceable in accordance with its respective terms, except as enforcement may be limited by bankruptcy, insolvency, moratorium, or similar laws, or by legal or equitable principles relating to or limiting creditors' rights generally;

(v) To the best of my knowledge, after due inquiry, the execution and delivery of the Agreement and compliance with the provisions thereof, under the circumstances contemplated thereby, do not and will not in any material respect conflict with or constitute on the part of the Public Agency a breach of or default under any agreement or other instrument to which the Public Agency is a party or by which it is bound or any existing law, regulation, court order or consent decree to which the Public Agency is subject;

(vi) To the best of my knowledge, after due inquiry, the Association of Bay Area Governments Installment Purchase Agreement and the California Statewide Communities Development Authority Installment Purchase Agreement are the only debt obligations, other than the Agreement, secured by the Public Agency's Net System Revenues and the Enterprise Fund and the Public Agency is not in default of the Association of Bay Area Governments Installment Purchase Agreement and the California Statewide Communities Development Authority Installment Purchase Agreement; and

(vii) To the best of my knowledge, after due inquiry, there is no action, suit, proceeding, inquiry or investigation before or by any court or public body pending or threatened against or affecting the Public Agency: 1) challenging or questioning the transactions contemplated by the Agreement or any other agreement, document or certificate related to such transactions; 2) challenging or questioning the creation, organization, existence or powers of the Public Agency; 3) seeking to enjoin or restrain the execution of the Agreement or the construction and implementation of the Project or the collection of the Net System Revenues and the Enterprise Fund; 4) in any way questioning or affecting any of the rights, powers, duties or obligations of the Public Agency with respect to the Net System Revenues and the Enterprise Fund; 5) in any way questioning or affecting any authority for the execution of the Agreement or validity or enforceability of the Agreement; or 6) in any way questioning or affecting any other agreement or instrument concerning the Agreement to which the Public Agency is a party.

The opinions set forth above are further qualified as follows:

(a) We do not purport to be experts in or generally familiar with or qualified to express legal opinions based on the laws of any jurisdiction other than the State of California and the United States of America;

(b) Our opinions do not include any opinion regarding the laws of any jurisdiction respecting securities regulation;

**GENERAL MANAGER GOALS 2010 - 2011**

OBJECTIVE	PROGRESS/COMMENTS
<b>Water Supply</b>	
<p>1. Water Supply Evaluation</p> <ul style="list-style-type: none"> <li>a. Prepare a formal assessment of the District's present and future water supply as part of the 2010 Urban Water Management Plan (July 2011).</li> <li>b. Present a draft of the Urban Water Management Plan to the Board by May 2011.</li> <li>c. Propose water supply objectives and the policies needed to support them (October 2011).</li> </ul>	<ul style="list-style-type: none"> <li>1a, 1b Urban Water Management Plan completed and submitted by deadline of July 1, 2011.</li> <li>1c Have not proposed a formal set of water supply objectives based on Urban Water Management Plan.</li> </ul>
<p>2. Preserving and enhancing local water supply in Denniston</p> <ul style="list-style-type: none"> <li>a. Complete design of the Denniston plant improvements, issue a request for bids, award construction contract, begin construction by July 2011.</li> <li>b. Initiate design and permitting for a new diversion structure on San Vicente Creek and pipeline needed to convey water to Denniston pump station.</li> <li>c. Pursue permitting and environmental process for Denniston reservoir restoration.</li> <li>d. Work with POST and GGNRA through the ownership transition to GGNRA in order to secure the District's long-term interests in water supply from Denniston and San Vicente creeks (ongoing).</li> </ul>	<ul style="list-style-type: none"> <li>2a Design completed, construction contract awarded June 14, 2011. Contracts for construction management awarded June 14, engineering services during construction contract awarded July 12, 2011.</li> <li>2b Solicited San Vicente design proposal from Kennedy/Jenks. Have delayed acting on this to verify assumptions regarding water availability using results of work by Balance Hydrologics.</li> <li>2c Contract for Denniston/San Vicente Environmental Impact Report awarded to Analytical Environmental Services April 12, 2011. Denniston reservoir restoration is included in the EIR project description.</li> <li>2d Continued negotiations with POST and NPS. Provided the parties with a detailed list of additional easements required for CCWD operations. Obtained and reviewed draft easement agreements and returned modified versions to NPS. Still waiting for response from POST/NPS. Property transfer has still not occurred as of September 2011.</li> </ul>

<p>3. Water Reclamation</p> <ul style="list-style-type: none"> <li>a. Work toward an effective cooperation with SAM for the coastside water reclamation project (ongoing).</li> <li>b. Collaborate with SAM staff to develop principles of CCWD-SAM agreement.</li> <li>c. Continue to seek funding for recycling through the Bay Area Recycled Water Coalition.</li> </ul>	<p>3a, 3b Though I've continued to communicate with SAM Manager Steve Leonard regarding CCWD-SAM cooperation for recycled water, SAM has never responded to the principles of agreement the CCWD Board approved on February 9, 2010. No further progress toward water reclamation will be possible unless SAM responds.</p> <p>3c Given the dim prospects for a SAM-CCWD agreement, CCWD withdrew from the Bay Area Recycled Water Coalition to save costs.</p>
<b>District Infrastructure</b>	
<p>4. Push completion of approved CIP projects to keep expenditures on plan.</p> <ul style="list-style-type: none"> <li>a. Denniston improvements – see 2a above.</li> <li>b. Bid SCADA upgrade project and complete by July 2011.</li> <li>c. Complete tank recoating projects – Alves and Half Moon Bay Tank 1.</li> </ul>	<p>Overall CIP expenditures for FY10-11 were \$2.2 million vs. \$3.5 million plan. Expenditures for largest projects (Nunes &amp; Denniston) were on plan</p> <p>4a Denniston improvements on schedule.</p> <p>4b SCADA project delayed to FY11-12.</p> <p>4c Alves Tank recoating project changed to exterior only, delayed to FY11-12 due to flow/pressure concerns associated with taking the tank out of service. Evaluation of HMB Tank 1 revealed need for extensive repairs. Repair/recoating project awarded July 12, 2011.</p>
<p>5. Present business case for Automated Meter Reading project to Facilities Committee and Board by December 2010.</p>	<p>Full implementation effort for AMR delayed to FY13-14.</p>
<b>District Financing</b>	
<p>6. Complete a round of loan or bond financing for a minimum of \$3,000,000, as needed to fund CIP and maintain reserve fund balances.</p>	<p>Submitted application and obtained approval for a \$6,756,500 loan from California Infrastructure and Economic Development Bank.</p>

Additional notable accomplishments not specifically in objectives:

- Conducted negotiations with SFPUC based on terms of 2009 Water Sales Contract to obtain an untreated water discount for CCWD which will save the District about \$200,000 per year in SFPUC water purchase costs on a permanent basis, beginning July 1, 2011.
- Implemented Tier 2 retirement plan and increased employee retirement contributions.
- Updated the District Financing Plan.
- Improved communication and press coverage through a District Water Day event and additional work with local paper.
