

## STAFF REPORT

**To:** Board of Directors  
**From:** Cathleen Brennan, Water Resources Analyst  
**Agenda:** July 8, 2024  
**Report:** July 3, 2025  
**Subject:** Water Resources Informational Report

---

### State of California

Consumer Confidence Reports (CCR) must conform with the California Code of Regulations [Title 22, Chapter 15, Article 20] and law [California Health and Safety Code, HSC, section 116470].  
[https://www.waterboards.ca.gov/drinking\\_water/certlic/drinkingwater/Lawbook.html](https://www.waterboards.ca.gov/drinking_water/certlic/drinkingwater/Lawbook.html)

### Safe Drinking Water Act

In 1996, Congress amended the Safe Drinking Water Act, adding a requirement that water systems deliver to their customers a brief annual water quality report.

## 2024 Consumer Confidence Report (CCR) Annual Water Quality Report

The drinking water delivered to customers met all U.S. EPA and California drinking water health standards in calendar year 2024.

The CCR was posted on the District's website on June 16th and can be found under the "Your Water" drop-down menu.  
<http://www.coastsidewater.org/water-quality.html>

The District mailed a postcard to customers with a direct link to the CCR on the District's website. The postcard for the 2024 CCR was delivered to customers on June 25, 2025.

English: [www.coastsidewater.org/wqr](http://www.coastsidewater.org/wqr)  
Spanish: [www.coastsidewater.org/wqr-spa](http://www.coastsidewater.org/wqr-spa)

The District sent an electronic newsletter on June 30th advertising the availability of the CCR.

There are eight basic requirements included in the CCR:

- § Water System Information
- § Sources of Water
- Definitions
- Reported Levels of Detected Contaminants
- Monitoring for Cryptosporidium and Other Contaminants
- Compliance with Other Drinking Water Regulations
- Variances and Exemptions
- Required Educational Information

In addition to water quality data, the CCR contains information on how to contact the District, Board of Directors meetings, water conservation, capital improvements, and WaterSmart. The District strives to make a professional report that is easy to read.

The three most common water quality questions the District is asked by customers are:

- ✓ Is there fluoride in my water?
- ✓ Do you use chloramines for disinfection?
- ✓ What is the hardness of my drinking water?

The CCR provides an opportunity to educate customers on water sources, water delivery and the value of drinking water to the community.

## **Annual Water Supply and Demand Assessment (AWSDA) Report**

Staff submitted the District's AWSDA Report through the state's WUE portal to the California Department of Water Resources on June 12, 2025. The report is also referred to as the Annual Water Shortage Assessment Report. The District reported that all water supplies are normal with no expected water shortage for Fiscal Year 2025-2026.
