
Coastside County Water District is hiring!

JOIN OUR TEAM!

Part Time/ Temporary Maintenance Worker

Includes opportunity to become a permanent, full-time employee after 6 months

CCWD is offering a temporary **maintenance worker position** that provides exposure to a career in a Public Water Agency. In this role, you will work alongside dedicated District employees to gain both experience and insight into working in a local government agency that provides critical services to our community.

This role includes the opportunity, based on performance, to transition from temporary status to a permanent, full-time employee after 6 months.

Description: Under general supervision, performs a wide variety of more routine maintenance, repair, installation and other tasks related to District water distribution and transmission lines, meters, hydrants, storage tanks, and wells; reads meters; assists in the performance of preventive maintenance and repair of water treatment and pumping equipment; performs a variety of facility maintenance activities; and does other work as required.
